BIG AS LIFE.

Why are all the other universities in the United States jealous?

- One of the country's great performing arts spaces has been built right here on campus.
- The Center will be a constant bustle of students and professional artists, studying, collaborating, rehearsing and teaching.
- On any given evening, the Center will be alive with concerts, plays, and dance recitals, representing the great artistic traditions and contemporary creativity.
- As a University of Maryland student, you'll receive significantly discounted, or even free tickets to many performances.

Why shouldn't they be jealous? This place is amazing.

Big On Sports!

We have 24 NCAA Division I teams, 12 men's and 12 women's, including lacrosse, football, soccer, basketball, field hockey and softball. Last year, our women's lacrosse team won an unprecedented 6th straight NCAA championship.

Summer Guide 2001

WELCOME

This Is One Big Invitation.

There's fun and learning for kids of all ages, from shooting hoops to writing headlines, fun physics to junior golf, with lots of campus hospitality.

More than 3,000 research projects are in the works here at Maryland, making the university one of the preeminent research centers in the country.

There's a whole universe of learning here in your hands...and we invite you to make it yours. All the courses and camps, facilities and fun, special events and paths to success... it's all open and waiting for you this summer at the University of Maryland.

So if you ever wanted to experience a world-class university, now's the time.

It's the perfect opportunity to accelerate your education or career, or simply try something new. Our summer graduate and undergraduate courses are taught by University of Maryland faculty, and follow the same rigorous standards as our regular semester courses.

Of course, special events, community services and camps are open to everyone. Even in this universe of learning, however, space is limited. So if you see something you like, we invite you to act quickly. Then prepare for one big adventure this summer at the University of Maryland.

Visit our web site at www.umd.edu/summer

How big is summer at the University of Maryland?

BIG AS LIFE.

UNIVERSITY OF MARYLAND

If all the world's a stage, this is front row center.

Welcome to Terra Performa.

The center offers some of the finest performance and academic space not only among universities, but in the United States.

If you love music, any music, with a passion… if the beauty of dance never fails to move you… if drama and the theater are a lifelong fascination…then welcome. You're invited to take your place at the Clarice Smith Performing Arts Center at Maryland; our new home for the arts.

You can see the whole world from here.

The new Center of the world.

The center will be a constant bustle of students and professional artists, performing, studying, collaborating, rehearsing and learning. On any given evening, we'll be alive with concerts, plays and dance recitals, representing the great artistic traditions and contemporary creativity—from classical music to jazz, ballet to hip-hop, Shakespeare to performance art.

The new Clarice Smith Performing Arts Center is a world-class venue, created to attract and showcase the finest professional performers and talented students from around the world.

- Six new performance spaces; from our 1,100-seat concert hall to an intimate 100-seat theater lab.
- Classrooms, lecture halls, rehearsal rooms and studios, bistro and coffeehouse.
- A new performing arts library with digital listening stations and more than 130,000 recordings.

The Joseph and Alma Gildenhorn Recital Hall

With brilliant acoustics and intimate seating for 250.

The Concert Hall

1,100-seat masterpiece of acoustically seamless, visually stunning space.

The Dance Theater

The ultimate venue for the culture of movement.

What will dance, music and theater become in their ideal setting? You're about to find out. Beginning next year, we've set aside a number of free tickets, expressly for University of Maryland students, to all of our performances. Even when they're gone, students still receive substantial discounts to our events.

The Ina and Jack Kay Theater

Accommodating plays, operas, concerts, dance performances and an audience of 650.

The Studio Theater and Theater Laboratory

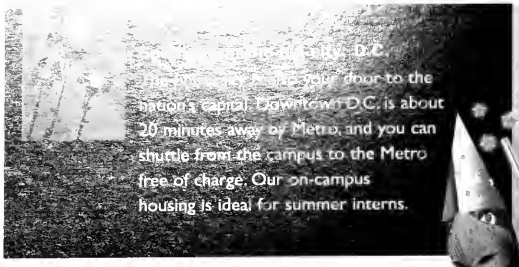
Will be the catalysts for new and exciting theater performances. This flexible space invites audiences to be part of the action and experience.

The Performing Arts Library

Contains more than 300,000 recordings, books and scores.

CLARICE SMITH PERFORMING ARTS CENTER AT MARYLAND

Purchase tickets online at www.claricesmithcenter.umd.edu, or call 301.405.7847. Then come enjoy the best seats in the world.



...D.C.
...your door to the nation's capital. Downtown D.C. is about 20 minutes away by Metro, and you can shuttle from the campus to the Metro free of charge. Our on-campus housing is ideal for summer interns.

Where we stand in the U.S.

You can see our strength in the numbers—Maryland is a premier research institution. Our undergraduate programs in business and engineering are highly ranked among the top 25 in the U.S., as are our graduate programs in engineering and education.

Services For Summer Sessions 2001

SPOC, the Single Point Of Contact, is a one-stop shop for students seeking information about or wishing to enroll in the Summer Sessions 2001. SPOC has representatives or ombudspersons representing all the service sectors of campus: admission (graduate and undergraduate), registrar, bursar, academic departments, parking, student ID and residency. SPOC, centrally located and handicapped accessible, is in Mitchell Building, First Floor (See map on page 7 of the Campus Services section of this guide.)

SPOC is open 8 a.m. to 6 p.m., May 29 – June 8 for Sessions I, I-A and Session I-B, and from July 9 – July 20 for Sessions II, II-C and Session II-D.

SPOC is also a virtual office for those inquiring, applying, registering or paying on the Web. Each step in the admission/registration/payment process will be quickly and formally recognized by a confirmation–either by surface mail, fax or e-mail. We encourage you to take advantage of electronic communications: the Summer Guide 2001 is on the Web, including all the appropriate forms for admission, registration, housing, parking and bill estimation. Information about textbooks is also on the Web.

Our goal is to be the most student-centered, user-friendly institution in higher education. If you have a question or concern, SPOC has the answer, a solution or a recommendation. SPOC contact information is at the top left of this page.

Summer Sessions I-A, I-B, II-C and II-D: Four Three-Week Accelerated Sessions

Summer Sessions 2001 introduces four, three-week accelerated sessions: Session I-A, I-B, II-C and II-D. Registration for the four, three-week accelerated sessions begins at the same time as registration for Sessions I and II, **February 12**. See the academic calendar on page 2 for deadlines. **Current high school students are not eligible to register for three-week accelerated sessions.**

Session I-A begins the same day as the six-week Session I (June 4) and ends June 22. Session I-A course sections begin with "03" in the summer schedule of classes. Session I-B begins on June 25 and ends the same day as Session I (July 13). Session I-B course sections begin with "05" in the summer schedule of classes.

Session II-C begins the same day as the six-week Session II (July 16) and ends August 3. Session II-C course sections begin with "04" in the summer schedule of classes.

Session II-D begins on August 6 and ends the same day as Session II (August 24). Session II-D course sections begin with "06" in the summer schedule of classes. Use the standard registration form to register for accelerated sessions. There is a one-course (four credits) limit for each three-week accelerated session.
Grades for Sessions I-A and I-B will be available at the same time as grades for Session I, approximately July 18.
Grades for Sessions II-C and II-D will be available at the same time as grades for Session II, approximately August 29.

Applying for Summer Sessions 2001

SPOC: Single Point Of Contact

SPOC, the Single Point Of Contact, is a one-stop shop for students seeking information about or wishing to enroll in Summer Sessions 2001. By contacting **SPOC**, you can find out anything about the summer sessions: courses offered, tuition, fees, classroom assignments, instructor assignments, textbooks, services and extracurricular activities, as well as the status of individual admission, registration, bill payment and waitlisted courses. **SPOC** is located at the Registrar Customer Service Counter, Mitchell Building, First Floor. **SPOC** also is a virtual office for those inquiring, applying, registering or paying bills on the Web.

For more information on SPOC, see page 4.

Undergraduate Students

Visiting College Students, College Graduates and High School Graduates

If you are a student from another college or university, you must be in good standing at that institution to be admitted for the summer sessions. **It is your responsibility to ensure that the courses you take at the University of Maryland College Park may be transferred to your degree program at your home institution.** You may complete the Permission to Transfer Credits Form (see the "Forms" section of this guide) prior to attending Summer Sessions 2001 and have it signed by your advisor or dean as a **record for your personal use** that the credits earned here are acceptable toward your degree at that institution. (You will need to request a transcript from Maryland to have those credits transferred to your home institution. See page 14 for instructions on requesting transcripts.)

If you are a college graduate, that is sufficient for taking undergraduate courses at the university.

If you are a high school graduate, you must have earned a grade point average of 2.0 or better to be admitted to the summer sessions.

To apply:

- **On the Web:** You may apply and pay your application processing fee online at www.umd.edu/summer. Complete the Visiting Undergraduate Summer Student Application 2001 and pay the non-refundable $45 application processing fee ($65 for international students).

- **By mail, by fax or in person:** Complete the Visiting Undergraduate Summer Student Application 2001 in the "Forms" section of this guide. Submit the application and your non-refundable $45 application processing fee ($65 for international students) to **SPOC**.

It is recommended that you submit your registration form with your application materials.

Current High School Students

You must be entering your junior or senior year in fall 2001 and must have earned a grade point average of 3.0 or better. **High school students are not eligible to register for Session I-A, I-B, II-C and II-D courses.** The following are not required for current high school students: counselor recommendation, essay, SAT I or ACT scores. Current high school students who wish to enroll in the Design Career Discovery Workshop (ARCH 150) need not provide the aforementioned items. Simply complete the application and registration forms and submit them to SPOC.

To apply:

- **On the Web:** You may apply and pay your application processing fee online at www.uga.umd.edu. You will still need to submit your high school transcripts by mail to:

  Undergraduate Admissions
  University of Maryland
  0103 Mitchell Building
  College Park, MD 20742

- **By mail, by fax or in person:** Complete a regular undergraduate application for admission (not the Summer 2001 application for admission). You may download it at www.uga.umd.edu or request it from Undergraduate Admissions, 301-314-8385.

On question 1, write "summer 2001." On question 15, mark "Concurrent—attend part-time while enrolled in high school."

Send the application, along with an official copy of your high school transcript and your non-refundable $45 application processing fee, to the **Office of Undergraduate Admissions.**

It is recommended that you submit your registration form with your application materials.

Golden ID Students

The University of Maryland Golden Identification Program makes courses and services available to persons who are 60 years of age or older who are legal residents of Maryland and who are retired (not employed more than 20 hours/week). Apply for undergraduate courses by completing a Visiting Undergraduate Summer Student Application 2001, indicating in the appropriate section that you are applying as a Golden ID student. Submit it to **SPOC**. The application is in the "Forms" section of this guide. **SPOC**'s address is on page 4.

You will receive instructions on how to register. You may begin registering on the first day of classes, and may register for up to two courses per session, when space is available. You must meet all of the courses' prerequisites and co-requisites. Golden ID students are not eligible for consortium classes. Tuition charges are waived, but you must pay the mandatory fees. (See page 15.)

Your Golden ID registration entitles you to use the libraries and certain non-academic services. For more information, contact the Golden ID Coordinator, 1113 Mitchell Building, First Floor, 301-314-8219.

Former University of Maryland, College Park Students

If you are a former Maryland students who:

- Attended in a prior term as a visiting student, you must re-apply for admission as a visiting student and pay the application processing fee. Follow the instructions for visiting college students on page 6.
- Attended Maryland in a past fall or spring semester but did not attend spring semester 2001, contact the Office of Reenrollment, room 0117 Mitchell Building, 301-314-8382.

Prospective Degree Students

The University of Maryland formally admits undergraduate students for the fall and spring semesters only.

- If you have not been formally admitted to a degree program at Maryland and wish to take a course during the summer sessions, follow the instructions for visiting students.
- If you have been formally accepted into a degree program at Maryland for the fall 2001, you are eligible to register for summer without applying for admission to the summer sessions.

Registration and Bill Payment

After Registration

- Estimate your tuition and fees (see page 14) and submit payment
- If you want to change your schedule, you can add/drop on the Web, MARS or in person.
- ID cards will be mailed with registration materials
- Check online for class locations; waitlist
- Questions? Call SPOC.

Summary of Deadlines

The schedule adjustment period ends June 8 for Summer Session I, June 6 for Summer Session I-A, June 27 for Summer Session I-B, July 20 for Summer Session II, July 18 for Summer Session II-C and August 8 for Summer Session II-D.

Cancellation of Summer Session Registration
Students who register and later decide not to attend the university must cancel their registration before the first day of classes. After the first day of classes this is considered a withdrawal, and a percentage of tuition is assessed.

Failure to attend or make payment will not result in cancellation of summer registration charges.

Failure to cancel registration will result in financial obligation to the university even though the student does not attend class. Request for cancellation must be received by SPOC in writing before the first day of classes.

4. Payment

See bill payment due dates on page 16. Bills are mailed monthly.
Pay via:

Graduate Students

University of Maryland, College Park Graduate Students

If you are currently enrolled as a graduate student in good standing, you do not have to apply unless you wish to change your major, department, or degree requirements, in which case you must file a regular Graduate School Application and meet departmental requirements and deadlines. The application is available from the **Office of Graduate Admissions**.

Prospective Degree Students

If you wish to begin your degree program in Summer Sessions 2001, you must file a regular Graduate School Application Form, meet departmental requirements and deadlines, and pay your $50 application processing fee. Apply to the **Office of Graduate Admissions.**

Visiting Graduate Students, Institute Students, Advanced Special Students (Non-degree Post-baccalaureate Students) and Golden ID Students:

To apply:

- **On the Web:** Complete the Visiting Graduate Summer Student Application 2001 and pay the $50 non-refundable application processing fee online at www.umd.edu/summer. For additional instructions, see your category, below.
- **By mail, by fax or in person:** Complete the Visiting Graduate Summer Student Application 2001 in the "Forms" section of this guide. Submit the application and your non-refundable $50 application processing fee to **SPOC**. It is recommended that you submit your registration form with your application materials. For additional instructions, see your category, below.

Visiting Graduate Students

If you are a graduate student at a university or college outside the University System of Maryland, you are considered a visiting graduate student. Transcripts are not required, but a letter stating you are in good academic standing and that the courses taken at the University of Maryland will be transferred to your home institution must be signed by your dean or registrar's office and submitted via fax, surface mail or in person.

Institute Students

Institute students must comply with requirements stated in the literature published about the institute in which they are enrolling.

Advanced Special Students
(Non-degree, Post-baccalaureate Students)

If you wish to earn graduate credit without enrolling in a degree program and do not qualify for admission as a visiting student, you must apply (checking the "Advanced Special Student" box on the application), pay the non-refundable $50 application processing fee and meet **one of the four following criteria (verifiable by an official transcript):**

1. Hold a baccalaureate degree from a regionally-accredited institution with an overall "B" (3.0) average.
2. Hold a master's or doctoral degree from a regionally-accredited institution.
3. Hold a baccalaureate degree from a regionally-accredited institution and have at least four years of post-baccalaureate work or professional experience.
4. Hold a baccalaureate degree from a regionally-accredited institution and, within the last five years, have taken either the Graduate Record Examination (GRE) (required minimum score: 1020 on the combined Verbal and Quantative sections), the Graduate Management Admissions Test (GMAT) (required minimum score: 500) or the Miller's Analogies Test (MAT) (required score: 51). Original test scores must be attached to the application or sent from the testing agency to the Office of Graduate Admissions.

If you have previously enrolled as an Advanced Special Student, your graduate application is valid for five years from the semester or summer session for which you originally enrolled. Otherwise, you must submit another application, **although you are not required to pay another application processing fee.**

Golden ID Students

The University of Maryland Golden Identification Program makes courses and services available to persons who are 60 years of age or older who are legal residents of Maryland and who are retired (not employed more than 20 hours/week). For more information, see page 7.

Registering for Summer Sessions 2001

SPOC: Single Point Of Contact

SPOC, the Single Point Of Contact, is a one-stop shop for students seeking information about or wishing to enroll in Summer Sessions 2001. By contacting **SPOC**, you can find out anything about the summer sessions: courses offered, tuition, fees, classroom assignments, instructor assignments, textbooks, services and extracurricular activities, as well as the status of individual admission, registration, bill payment and waitlisted courses. **SPOC** is in Mitchell Building, First Floor. **SPOC** is also a virtual office for those inquiring, applying, registering or paying bills on the Web.

For more information on SPOC, see page 4.

Student Addresses – Keeping Current

Because many university communications to students will be handled through the mail **and e-mail**, it is important that the student provide accurate, up-to-date local, permanent and e-mail addresses throughout the enrollment period. These communications include registration schedules and bills. Address changes can be made at any time in the session in which they occur. Any student wishing her or his address to be kept confidential can indicate this in the address change process. Contact **SPOC** at 1-877-989-**SPOC** or 301-314-3572 if you have any questions about address information.

Address changes can be made in four ways:

1. **On the Web:** www.testudo.umd.edu
2. **Through SPOC:** Mitchell Building, First Floor
   Monday – Friday, 8 a.m. to 5 p.m.
   www.umd.edu/summer
   summer@umail.umd.edu
   1-877-989-SPOC; 301-314-3572
   Fax: 301-314-1282
3. **At the Cashier's Office:** 1115 Lee Building
   Monday – Friday, 8:30 a.m. to 4:30 p.m.
4. **At the Student Financial Service Center:**
   1135 Lee Building
   Monday – Friday, 8:30 a.m. to 4:30 p.m.

Registration and Bill Payment

5. Textbooks

Check the Web to see what books you need. Click on www.umd.edu/summer. Click on the department, then the course, and then book. You can purchase your books at the University Book Center in the Student Union; at the Maryland Book Exchange; an online vendor (e.g.,varsitybooks.com), or any other textbook vendor.

6. Attend Class!

7. ID Card

(If not received by mail)
Pick up your ID at SPOC, Registrar Customer Service Counter, Mitchell Building, First Floor.

8. Parking Permit

(If not received by mail)
Take a photo ID to Campus Parking in Regents Drive Garage, off Campus Drive. See map on page 7 of the "Campus Services" section of this guide for exact location.

Who Can Register Without Submitting A Summer Application

Current University of Maryland, College Park Students (Undergraduate and Graduate):

If you are a current student at the University of Maryland, College Park and are or were enrolled spring semester 2001, you may register for Summer Sessions classes **without completing a summer application**.

New Admits for Fall 2001 (Undergraduate and Graduate):

If you have been admitted to the university for Summer Sessions 2001 or for fall semester 2001, you may register.

Current University System of Maryland Graduate Students:

If you are a graduate student at another University System of Maryland institution, you do not need to apply, but must submit an inter-campus registration form, available at your school.

It must be authorized by both your home campus and, through **SPOC**, by the University of Maryland, College Park Office of Inter-campus Enrollment.

All other students must complete the appropriate application for admission and be admitted to the university (see page 6). If you have any questions, contact SPOC.

When To Register

You can register for summer courses beginning February 12, 2001. Registration for Summer Session I and I-A (without a late registration fee) continues through June 1. Registration for Summer Session I-B (without a late registration fee) continues through June 22. Registration for Summer Session II and II-C (without a late registration fee) continues through July 13. Registration for Summer Session II-D (without a late registration fee) continues through August 3. **Check the Academic Calendar on page 2 for schedule adjustment deadlines.**

NEED HELP?

For more information call SPOC
1-877-989-SPOC or **301-314-3572**

It is your responsibility to notify the university if you register and later decide not to attend. Failure to cancel registration will result in financial obligation to the university even though you do not attend class. (See "Late Registration" on this page.)

How To Register

There are FOUR ways to register for summer courses:

1. **On the Web** by accessing www.testudo.umd.edu. Use your student ID number (Social Security number) and PIN. Your initial PIN is your six-digit birth date (MMDDYY). Once you have accessed the system, you will be required to change this to another six-digit number. If you are registering for audit or pass-fail, choose that option; the default is the regular grading method. (See the "Academic Credit and Policies" section on page 18 for more information about auditing and the pass-fail grading option.)
2. **By calling** the Maryland Automated Registration System (MARS) at 301-403-0500, seven days a week, 7:30 a.m. to 10:45 p.m. Use the MARS worksheet in the "Forms" section of this guide to help you through the process. Use your student ID number (Social Security number) and PIN. Your initial PIN is your six-digit birth date (MMDDYY). Once you have accessed the system, you will be required to change this to another six-digit number. Should you have problems with the system, the MARS Helpline is available Monday – Friday, 8:30 a.m. to 4:30 p.m., 301-314-8240.

   If you are registering for audit or pass-fail, choose that option; the default is the regular grading method. (See the "Academic Credit and Policies" section on page 18 for more information about auditing and the pass-fail grading option.)
3. **In writing—by mail or fax:** A summer course registration form appears in the "Forms" section of this guide. Download it from the Web (www.umd.edu/summer) or obtain a copy from **SPOC**. It is recommended that you submit your admission materials (if applicable) with your registration form. (Action will not be taken on your registration until your application has been processed and you have been admitted.) Submit your materials to **SPOC**.
4. **In person:** Visit **SPOC**, Monday – Friday, 8 a.m. to 5 p.m. There will be extended hours for in-person registration during the week preceding the start of each summer session and through the first week of classes: **SPOC** will be open 8 a.m. to 6 p.m., May 29 – June 8 for Sessions I and I-A, and July 9 – July 20 for Sessions II and II-C. It is recommended that you submit your admission materials (if applicable) with your registration form. (Action will not be taken on your registration until your application has been processed and you have been admitted.)

Confirmation of registration, along with your summer ID (for new and visiting students), will be mailed to you within two weeks. If you do not receive confirmation, call **SPOC** at 1-877-989-**SPOC** or at 301-314-3572, or send e-mail to summer@umail.umd.edu.

Other Registration Information

Deadlines Chart for Registration and Schedule Adjustment

A chart of deadlines for registration and schedule adjustment appears on page 12.

Late Registration

A $20 late registration fee will be assessed for registrations initiated on or after the first day of classes for each summer session. **During late registration, all tuition, fees and outstanding balances must be paid at the time of registration.**

"Non-Standard Course" Registration

During the normal registration periods for each session, you may register for courses which vary in beginning dates from the summer sessions' starting dates. Additionally, registration is available on the first day of each non-standard class or an alternate day if arranged by the department or instructor. **Summer Sessions 2001 introduces four new, three-week accelerated sessions: Session I-A begins June 4 and ends June 22, Session I-B begins June 25 and ends July 13, Session II-C begins July 16 ends August 3, and Session II-D begins August 6 and ends August 24.**

Courses varying in length from the regular summer session will have late registration, schedule adjustment and other dates adjusted proportionately to the length of the course. Contact **SPOC** at 1-877-989-**SPOC** or 301-314-3572 for specific dates and terms.

Registration and Bill payment

Courses varying in length from the regular summer sessions will have late registration, schedule adjustment and other dates adjusted proportionately to the length of the course. See page 11 for more information on non-standard courses.

Waitlist

The waitlist is a roster of students waiting for a seat to become available in a closed/filled course. The waitlist stores names in order of request and allows access to seats as drops are processed. If a waitlist is available, it will be offered when you attempt to add a closed course. If you select the waitlist option, you will be placed on the waitlist for a closed section and for up to five additional sections if they are available.

- Not all departments offer waitlists. It is the decision of the department whether to offer a waitlist.
- To be eligible for the waitlist, you cannot be registered for any other section of the desired course.
- It is recommended that you complete your schedule with alternate course choices: Being placed on a waitlist does not guarantee you will be registered in the course.
- You may select to be waitlisted on up to six sections of a course. The first section to become available will be assigned to you. Since you will then be registered for a section, your name will be removed from all other waitlisted sections of the course.
- Time conflicts and excessive credit load violations that might result from receiving a course from the waitlist must be resolved.
- Once you are registered in a course for which you were waitlisted, it becomes part of your schedule and you become responsible for the tuition charge.

Waitlist Check-in:
Once on a waitlist, you may check on your status regularly; however, you must check in on the mandatory check-in day, typically the first day of the summer session. If you are still on the waitlist after the first day of mandatory check-in, you must then check in daily to remain on the waitlist. Waitlist activity ends the day after the last day of the schedule adjustment period to allow students to register after the last drop day. (See Academic Calendar on page 2.)

Students can check in three ways:

1. **On the Web:** www.testudo.umd.edu
   Select "Records and Registration" and then "Waitlist Check-in." Keep your confirmation number for your records.

2. **By phone:** Call MARS at 301-403-0500
   Press 1 for "Registration Activities." Press 2 for "Waitlist Check-in." Enter your student ID number and PIN. Keep your confirmation number for your records.

3. **In person:** Visit **SPOC** at Registrar Customer Service Counter, Mitchell Building, First Floor
   Monday – Friday, 8 a.m. to 5 p.m.

Veterans

Students attending the university under the Veterans Education Act (Title 38, U.S. Code) will be certified based on their enrollment status after they have completed registration. Computation of enrollment status is based on the number of credits for which the student is registered and the length of the term. Six weeks is the standard term of a summer session. Courses taken for audit cannot be counted toward credit for certification.

Graduate students will not be certified for any course below the 400 level unless the course is required by the major department. A letter verifying the requirement must be submitted to the Office of Veterans Affairs. Courses below the 400 level do not receive graduate credit. Courses that vary from the regular six-week summer session are calculated by Veterans Affairs according to the length of the term as well as by the number of credits or units. You can obtain certification Monday – Friday, 8:30 a.m. to 5 p.m. at:

University of Maryland
Mitchell Building, First Floor
College Park, MD 20742
301-314-8239
www.testudo.umd.edu/soc/vets.html

Cancellation of Courses by the University of Maryland

The university reserves the right to cancel courses due to insufficient enrollment or for other reasons that it deems valid. Appropriate refunds will be made. Because cancellation of a course may occur so close to the beginning of class, there is not always time to send notification.

Cancellation of Summer Session(s) Registration by the Student

Students who register and later decide not to attend the university must cancel their registration. Failure to attend or make payment will not result in cancellation of summer registration charges. Cancellation must be received by **SPOC** in writing (mail, fax or in person) prior to the first day of classes. **Failure to cancel registration will result in financial obligation to the university even though the student does not attend class.**

Withdrawal from Summer Sessions

Students who wish to terminate their registration (withdraw from all summer courses) either on or after the first day of classes must formally withdraw. This applies to all students regardless of the number of courses or credits for which they are registered. Withdrawals will be recorded on the student's transcript.

To withdraw from a summer session(s), complete a Withdrawal Form, available at **SPOC**, or fax a letter of withdrawal to 301-314-1282. Withdrawal is effective on the date the form is filed with **SPOC**. See the Academic Calendar on page 2 for deadlines and refund amounts. See page 17 for complete information on refunds. Note that withdrawals from workshops or institutes must be made prior to the first meeting in order to receive a refund.

Registration and Bill Payment

Grades

Grades for Session I and Session II will be available approximately one week after the end of each session. Sessions I-A and I-B grades will be available at the same time as Session I grades (July 18) and Sessions II-C and II-D grades will be available at the same time as Session II grades (August 29). Grades for non-standard courses ending after the regular session in which they begin will be posted after the regular session grade reports are posted. Students desiring official notification of grades in these courses should request an official transcript approximately two weeks after the course ends or one week after the session ends. Instructors of these courses will receive information on various deadlines. Please check with the department in late spring 2001 for specific details.

You can get your grades via the Web (www.testudo.umd.edu) or MARS (301-403-0500). **Grades are not automatically mailed. A grade report can be requested via the Web or MARS or by contacting SPOC.**

Transcripts

Transcripts will not be sent to your home institution or elsewhere unless you submit a transcript request. There is no fee for transcripts. There are three ways to request a transcript:

1. **On the Web:** You can request a transcript prior to completing a course using the "hold for grades" option or you can request it after you complete the course. Access www.testudo.umd.edu. Select "Records and Registration," then "Transcript Request." You will need to enter your student ID number and PIN.

2. **In writing—by mail or fax:** Be sure to include your full name, student ID number (Social Security number), session in which you attended, your daytime telephone number and signature. Send the request to the Office of the Registrar, 301-314-9568 (fax) or:
   University of Maryland
   Mitchell Building, First Floor
   College Park, MD 20742

3. **In person:** Visit the Registrar's Office in Mitchell Building, First Floor, and complete a transcript request form.

Paying For Summer Sessions 2001

Although changes in fees and charges ordinarily will be announced in advance, the university reserves the right to make such changes without prior announcement.

To determine the amount you owe, complete the Estimated Billing Form in the "Forms" section of this guide. The Office of the Bursar will mail a bill to all registrants. Payment due dates are listed in the chart on page 16.

It is your responsibility to notify the university in writing if you register and later decide not to attend. Failure to attend or make payment will not result in cancellation of summer registration charges. Failure to cancel registration will result in financial obligation to the university even though you do not attend class. Cancellation must be received by SPOC in writing prior to the first day of classes. (See page 13 for more information.)

In-state Status for Admission and Tuition

To determine your eligibility to pay tuition at the in-state rate, you must complete the Residency Questionnaire section of the undergraduate application for admission or the Residency Questionnaire section of the graduate application for admission, whichever form is applicable.

The deadline for meeting all requirements for in-state status and for submitting all documents for classification for Summer Sessions 2001 is the last day of late registration for the appropriate session: June 8 for Session I, June 6 for Session I-A, June 27 for Session I-B, July 20 for Session II, July 18 for Session II-C, and August 8 for Session II-D.

For more information on residency requirements, contact the Office of Residency Classification: 1118 Mitchell Building; 301-405-2030; or www.testudo.umd.edu/soc/reclass.html

Registration and Bill Payment

Audit

Tuition and fees for undergraduate and graduate courses taken for audit are the same as those for courses taken for credit. Courses taken for audit, however, are not considered when determining financial aid eligibility.

Special Workshops and Institutes

The standard tuition and fee schedule applies for all credit registrations unless otherwise noted in this guide or other, official literature provided to the prospective student. Additional or alternative fees are sometimes charged for special workshops and institutes due to needs for special planning based upon the number of registrants, applicant screening or auditioning. These fees can be charged after the registration period, and only a partial refund for late withdrawal will be made. No refunds will be granted on or after the first day of a program if it is shorter than the standard six-week summer session. Campus housing will be available at an additional charge. **The university reserves the right to cancel programs due to insufficient enrollment.**

Billing and Payment

When To Pay

Upon registering, you incur a financial obligation and will be billed monthly. Bills are mailed to each student's permanent address. Billing reminders will be sent via e-mail. Please make sure the Office of the Registrar has a current e-mail address on file. Each bill will include a payment due date. Failure to make payment by the due date will result in a finance charge of 1.5 percent. *Please note that assessment of a finance charge is a change from previous years. You may view your current account balance online at any time at www.testudo.umd.edu or call MARS at 301-403-0500.*

Bill payment due dates are determined by the date of registration. Please use the following chart to determine when summer 2001 tuition and fees are due:

Registered:	Bill Due:
Feb. 12 – March 23	Apr. 20
March 24 – Apr. 25	May 20
Apr. 26 – May 24	June 20 or the first day of classes, whichever comes first
May 25 – June 25	July 20 or the first day of classes, whichever comes first
June 26 – July 6	Aug. 3 or the first day of classes, whichever comes first
After July 6	Aug. 8 or the first day of classes, whichever comes first

Students who register for the summer 2001 sessions are expected to remain financially eligible. Once registered, it is the student's responsibility to make payment by the appropriate due date or late charges will be assessed. Students who decide not to attend must notify the Office of the Registrar to request cancellation of enrollment by appropriate deadlines to avoid charges for summer courses. Failure to attend or make payment will not result in a cancellation of summer registration charges.

In addition to receiving account statements, billing messages and reminders will be sent to students via e-mail. Please be sure that the Office of the Registrar has an accurate e-mail address on record.

Credit card bill payment will be available for students online at www.umd.edu/summer or by calling MARS (Maryland Automated Registration System) at 301-403-0500. Visa, MasterCard and Discover will be accepted for payment of student tuition and fees.

How To Pay

Pay your bill by credit card (Visa, MasterCard or Discover Card) or by check or money order (payable to the University of Maryland for the exact amount due; write your student ID number on all checks and money orders) using one of the FIVE methods below:

1. **On the Web:** You may pay by credit card by accessing www.umd.edu/summer.
2. **By phone:** Through MARS, you can pay by credit card beginning the day after you receive confirmation of registration. Registration charges are posted to the system nightly. Dial 301-403-0500. You may also call the Student Financial Service Center at 301-314-9000 or 1-888-313-2404 to make payment.
3. **By fax:** When paying by credit card, you may fax your payment to the Bursar's Office at 301-314-9098.
4. **By mail:** Pay by check or money order or provide the requested credit card information on the remittance stub. Using the return envelope enclosed with your bill, send your payment to:

   Office of the Bursar
   Lee Building
   University of Maryland
   College Park, MD 20742-5151
5. **In person:** Pay in the Bursar's Office, Room 1115 Lee Building. Payment may be made by cash, check, money order or credit card. The Bursar's Office is open Monday – Friday, 8:30 a.m. to 4:30 p.m. It will be open for extended hours—8:30 a.m. to 6 p.m., May 29-June 8 and July 9-20.

Other Payment Information

Late Payment Fee:

Students who fail to pay the balance due on their account are subject to a 1.5 percent finance charge each month. A finance charge of 1.5 percent will be added to all accounts that have not been paid by the payment due date displayed on the bill.

Delinquent Accounts:

You will not be able to register until all outstanding bills to the university, including library fines, parking violation assessments, and other penalty fees and service charges, are paid in full.

Upon registering, you incur a financial obligation. Failure to make payment by the due date will result in a finance charge and may jeopardize your continued enrollment. In accordance with state law, the university must refer delinquent accounts to the State Central Collections Unit in Baltimore for collection and legal follow-up. Collection charges will be billed to the student. Collection costs are 17 percent of the bill, plus any attorney and/or court fees. Maryland law allows the Central Collections Unit to block issuance of Maryland state income tax refunds to individuals with delinquent accounts. In addition, State of Maryland policy stipulates that unpaid parking tickets issued on state property could result in the withholding of motor vehicle tags until tickets are paid.

The university will not confer any diplomas or certificates or issue a transcript of record to a student who has not made satisfactory settlement on her or his account.

Summer Financial Aid:

Summer financial aid usually cannot be released until after summer tuition and fees are due, so summer aid usually serves as a reimbursement to you. In general, summer financial aid is very limited. The university does not receive separate allocations of grant, work-study, or loan funds from the federal or state governments for summer financial aid. To be eligible for any summer financial aid, you must register for at least six credits or 24 graduate units.

If you have not used all of your Pell Grant or Stafford Loan eligibility from the 2000–2001 school year, you may be eligible to receive your remaining eligibility during the summer.

To request summer financial aid, you must have submitted a 2000–2001 Free Application for Federal Student Aid (FAFSA) and all other requested documents to the Office of Student Financial Aid (OSFA). Once you have registered tor summer, your eligibility for financial aid will be determined, and OSFA will mail a summer financial aid notification to you.

If you have any questions about summer billing or financial aid, please contact the Student Financial Service Center at 301-314-9000 or 1-888-313-2404.

Refunds

The university does not automatically refund a credit balance. A refund should be requested. Payments made by cash or check will be refunded by check. Payments made by credit card will be refunded by crediting the credit card account. Refunds will usually be received by the student within two to three weeks from receipt of the refund request. Checks will be made payable to the student and sent to the address designated in the refund request. They will not be mailed to a campus address.

The Academic Services fee is not refundable. All other mandatory fees will be refunded at the same percentage as tuition refunds. The chart on page 18 indicates, by date, the percentage of tuition that will be credited upon withdrawal from courses or dropping a course or courses. Withdrawals from **workshops or institutes** must be made prior to the first meeting in order to receive a refund. After the first meeting, there can be no refund.

To request a refund:

1. **By phone:** Call MARS at 301-403-0500 and choose option 3 from the main menu.

2. **In writing—by mail, fax or e-mail:** Send a letter requesting a refund to:

   Office of the Bursar
   Lee Building
   University of Maryland
   College Park, MD 20742-5151
   Fax: 301-314-9098
   billtalk@accmail.umd.edu

3. **In person:** Complete a Request for Refund Form in the Student Financial Service Center, 1135 Lee Building or in SPOC.

*Three week accelerated session

Academic Credit and Policies

Academic Credit

The semester hour is the unit of credit. During the Summer Sessions, a three-credit course may meet five times a week for six weeks, with each class period meeting for 80 minutes. Courses that meet two or three times a week will have longer class sessions.

University of Maryland, College Park students who are pursuing a degree will be given credit toward the appropriate degree for satisfactory completion of summer courses. Each student is responsible for determining the applicability of courses selected to the degree program and is urged to consult with her or his academic advisor.

All students enrolled for credit will receive an official grade for each course.

Academic Policies

Academic Dishonesty:

Academic dishonesty is a serious offense which may result in suspension or expulsion from the university. The normal sanction for academic dishonesty is a grade of XF, denoting "failure due to academic dishonesty," recorded on the student's transcript.

Audit:

A student may register to audit a course or courses in which space is available. Tuition and fees are the same as when taken for credit. The notation "AUD" is placed on the transcript for each course audited. Courses taken for audit are not included in the calculation of full-time/part-time status.

Code of Academic Integrity:

All students are expected to adhere to the provisions of the Code of Academic Integrity, as set forth in the undergraduate and graduate catalogs. Copies of the Code may be obtained from the Student Honor Council in Room 2118 Mitchell Building, 301-314-8450.

Degree Candidates:

All students who expect to complete requirements for degrees during the summer should complete an application for graduation. Applications should be filed with the Registrar's Office no later than Friday, July 20 for degrees to be awarded as of August 25, 2001. Students may apply on the Web at www.testudo.umd.edu or in person in Mitchell Building, First Floor.

August graduates are invited to participate in the commencement ceremonies in December, and will be included in that commencement program.

Final Examination:

All final examinations must be held on the last day of classes of each summer session. No final examination shall be given at a time other than the last day of classes without the permission of the department chair.

A final examination will be given in every undergraduate course. Exceptions may be made with the written approval of the chair of the department and the dean.

Full-time Status:

Courses taken for audit are not included in the calculation of full-time status.

For undergraduate students, enrollment in courses totaling six semester hours of academic credit will be defined as full-time status for one six-week summer session. For undergraduate students, enrollment in courses totaling three semester hours of academic credit will be defined as full-time status for one three-week accelerated summer session. Enrollment in six semester hours of academic credit in each of the two summer sessions will be defined as full-time enrollment for the summer. Students receiving financial aid and/or VA benefits should check with appropriate offices to determine full-time status.

Students enrolled in UMEI 001-004 are considered full time.

For graduate students, enrollment in academic credit totaling 24 graduate units will be defined as full-time enrollment for one summer session.

Academic credit totaling 24 graduate units in each of the two summer sessions will be defined as full-time enrollment for the summer:

Course Number	Graduate Unit
00-399	2 units per credit hour
400-499	4 units per credit hour
500-599	5 units per credit hour
600-898	6 units per credit hour
799	12 units per credit hour
899	18 units per credit hour
UMEI 005	6 units per credit hour
UMEI 006	2 units per credit hour
UMEI 007	4 units per credit hour
UMEI 008	2 units per credit hour

Maximum Load:

Undergraduate students may not enroll for more than eight hours of academic credit in Summer Sessions I and I-A or I-B combined, or Summer Sessions II and II-C or II-D combined. Students may only register for one course (four credits) for Summer Sessions I-A, I-B, II-C or II-D. Normally, graduate students should not enroll for more than six semester hours in one summer session. Course loads exceeding these maximums require approval of the college dean. Visiting undergraduate students who wish to request exceptions should contact the Registrar's Office.

Pass-Fail Option:

Undergraduate students who have completed 30 or more semester hours with a GPA of at least 2.0 (15 of which must have been completed at the University of Maryland, College Park with a GPA of at least 2.0) may register on a pass-fail basis if the course offers a pass-fail option.

The course must be elective to the student's program and not used to meet general education requirements, major requirements, or gateway requirements for admission to limited enrollment programs or when re-registering for a course. Only one course per semester or summer session may be taken pass-fail. (No more than 12 semester hours of credit may be taken during a student's college career.) For further information on the pass-fail option, see the undergraduate catalog.

Visiting students who are interested in taking a course pass-fail should contact the Registrar's Office. Many institutions will not accept transfer courses from another institution if they were completed on a pass-fail basis.

The pass-fail grading system is a grading option for undergraduates only. However, a graduate program may, in certain cases, allow a graduate student to use the pass-fail option for any 100-300 level courses that a student takes. Graduate credit may not be earned for these courses. For further information on the pass-fail option, see the graduate catalog.

Protection of Privacy:

The University of Maryland adheres to a policy of compliance with the Family Educational Rights and Privacy Act (Buckley Amendment). As such, it is the policy of the university:

(1) to permit students to inspect their education records; (2) to limit disclosure to others of personally identifiable information from education records without students' prior written consent; (3) to provide students the opportunity to seek correction of their education records, where appropriate. A complete statement of the university policy and procedures is contained in the undergraduate and graduate catalogs.

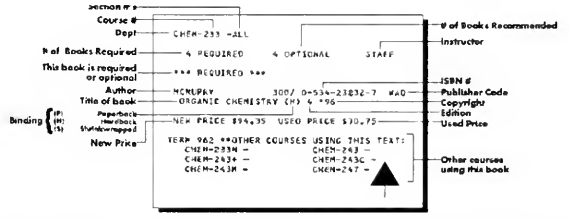
H·O·W T·O F·I·N·D Y·O·U·R TEXTBOOKS ON-SITE & ON-LINE

Once you've registered for classes, you need textbooks, right? This is where you find out exactly which ones you need for each class. This saves you lots of time because you can then plan ahead and know which ones are required, which are optional, and how much money you (or your parents) need to buy them. Print out the listing generated by the search and bring it with you to the University Book Center. Our staff will be more than happy to help find the ones that you need.

The Shelf Tags in the textbook area are organized by class, then by section. The Search tool uses the same information as found on the Shelf Tags. The search tool provides as a reference the approximate availability of both used and new textbooks for your classes which may not reflect what is currently available at any particular moment.

Wander around looking at shelf tags in the store or print out a listing of which ones you need to get from the University Book Center web site. Either way, you will be able to find the books you need for class.

This is a sample of a shelf tag that you will find in textbooks. The tag corresponds to the books directly above it.



Each aisle is marked with the four letter abbreviations for departments located there. The key at the end of every aisle tells which dept. is in which aisle.

For more information, call 301-314-7651 or visit the center's Web site at www.inform.umd.edu/cc

Dining Services

At South Campus Dining Room, Monday – Friday, you will find a variety of deli sandwiches, a soup-and-salad bar, fresh-dough pizza, flame-broiled hamburgers and hot entrees with vegetables. The Diner (on the north side of campus) offers all you can eat meals while summer groups are visiting campus. You may also choose to visit the food court in the Stamp Student Union for Adele's restaurant, Starbucks Coffee in the Coffee Bar, Taco Bell or McDonald's. The Dairy, located adjacent to the Visitor Center on Route 1 in the Turner Lab Building, is home to the award–winning University of Maryland ice cream. Other convenient food locations on campus are in Van Munching Hall, the Math Building and the Engineering Building. **For hours of operation and additional information, visit the Dining Services' Web site at www.dining.umd.edu or call 301-314-FOOD (301-314-3663).**

There is no meal plan during the summer; however, all dining services facilities accept cash and the Terrapin Express card (see p. 11). Most locations accept Visa, MasterCard, American Express, Discover and the Diner's Card.

Disability Support Services

The **Disability Support Service** (DSS) is a division of the Counseling Center. It provides services for more than 700 members of the university community with disabilities. Its mission is to coordinate services which will ensure individuals with disabilities equal access to university programs. DSS also provides consultation to the campus community regarding disability issues.

Individuals must register with DSS to receive services. This registration involves an intake interview with the appropriate staff member: director, interpreting service coordinator or learning disability coordinator. Documentation of need must be provided at the time of the intake in order to discuss accommodations. DSS services include adapted housing, an adaptive technology room, classroom accommodation, counseling and advising, interpreting, note-taking, paratransit (accessible transit service), priority registration, reading and testing (administration of class exams to students who have special needs). DSS is located in 0126 Shoemaker Building.

For more information, call 301-314-7682 or visit the Web site at www.inform.umd.edu/campusinfo/departments/counseling/disability_support/

For information about services in McKeldin Library for persons with disabilities, contact the coordinator of library services for persons with disabilities at **301-405-9074**.

Maps and campus parking permits are available from the Department of Campus Parking in the Regents Drive garage. **For more information, call 301-314-PARK (301-314-7275).**

A university ID card is required to have access to services. Students who have a summer school non-photo ID may also be required to furnish a photo ID.

Golf Course

The Office of Student Affairs operates a golf course on North Campus. It is open from daybreak until dark seven days a week, including holidays. Registered students who present an ID card may use the course Monday – Thursday for a daily rate of $17 and Friday – Sunday for a daily rate of $22. Nonmembers may reserve tee times by calling the Golf Shop five days in advance. Students may also purchase a full summer semester membership for $250. (The summer school membership is only active when school is in session.)

Suitable attire is required by all players. Tank tops, cut-offs and T-shirts are prohibited. Shirts must have a collar. Metal spikes are not permitted. The University of Maryland Golf Course is a soft spikes facility.

Golf carts are mandatory on weekends and holidays. Fees are as follows:

18 holes – $12 per person
9 holes – $ 7 per person

In addition to the course, you may enjoy a driving range, golf lessons, golf outings and tournaments, a golf shop, a grill/patio/bar and amenities.

Tokens for the driving range are available in the Golf Shop for $3 (30 balls). Golf lessons can be arranged by calling the Golf Shop and speaking with one of the golf professionals. An individual lesson costs $40. A series of four lessons costs $130. The cost of group lessons varies.

Outings of all sizes are welcome. Additional information and pricing can be obtained by contacting the Golf Shop. A regular schedule of club tournaments and social events are offered. All events are posted on the monthly calendar in the Golf Shop. All individuals with an established USGA handicap are welcome to participate.

The Golf Shop is a full-service operation that offers golf equipment, apparel and accessories. Special orders and shipping arrangements can be accommodated. The Golf Shop can regrip your clubs to your specifications.

Amenities include yearly bag storage – $100; locker rental – $50; bag storage and locker rental – $125; handicap system – $12 members, $25 non-members.

The dining areas serve a varied menu throughout the day. An inviting and casual atmosphere offers light snacks, grill items and your favorite beverages. No outside food or beverages are to be consumed on the premises. By law, alcoholic beverages are not allowed to be purchased at outside sources and carried onto the premises. To purchase alcoholic beverages, you must furnish proper identification upon request.

For more information, call the Golf Shop at 301-403-4299 or visit our Web site at www.inform.umd.edu/student/campus_activities/golfcourse/
Rates are subject to change.

Health Services

The **University Health Center** (UHC) is a nationally accredited ambulatory health care facility. It provides a wide variety of medical services, including some mental health services, a pharmacy and referral services. A detailed brochure is available at UHC.

Every currently registered student is eligible to use UHC. Students are charged a $10 co-payment for most visits with UHC providers. There are fees for visits with specialists and for certain procedures, such as, X-rays, laboratory tests, dental appointments, allergy injections, physical therapy, massage, acupuncture and medications dispensed through the pharmacy and medical units. Charges are listed on one's student account under general headings, such as, "laboratory fee," rather than naming the specific test or purchase. UHC assumes no financial responsibility for any care received off campus. Health insurance is strongly recommended.

The center is located on Campus Drive across from the Stamp Student Union. Although an appointment is not required, it is recommended. To schedule an appointment, call 301-314-8184. During summer sessions, the University Health Center's hours of operation are 8 a.m. to 8 p.m. Monday – Friday and 10 a.m. to 2 p.m., Saturday. The center is closed on Sunday.

For more information: Visit the UHC Web site at www.umd.edu/health or call 301-314-8180. In the event of an emergency, dial 911.

The Center for Health and Wellbeing is a satellite office of the University Health Center in room 0121 of the Campus Recreation Center, open from noon to 5 p.m. in the summer. We offer a holistic and comprehensive approach to help you lead a healthier lifestyle. The center offers the following services to students: nutrition counseling, stress management, wellness prescriptions, a health resources library, massage therapy and diet analysis. All services are free unless otherwise indicated.

For more information, call 301-314-1280.

Campus Services

Housing

You can reserve a room in one of our on-campus apartments located in the Leonardtown Community. Each apartment houses four or six students in a combination of single and double rooms. Apartments are fully furnished with air-conditioning, carpeting, full kitchens and utilities; no pets allowed. You will have a twin-size bed, mattress, dresser, desk and chair, private telephone line and separate data and cable lines. You must provide your own telephone, desk lamp, cooking utensils, pillow, linens and all other personal household items. Coin-operated laundry and vending services are available in the nearby 24-hour Leonardtown Community Center. Parking requires a $42 university permit.

Rooms are available from June 3, 2001, the day before the start of Session I and eight-week classes, until August 24, the day final examinations end for Session II. For an extra fee, spring semester campus residents who register for Session I or eight-week classes may move directly from spring room assignments to Summer Session assignments.

Approximately 500 apartment spaces are available. In the event that more than 500 students request Summer Session housing, housing priority will be given in the following order:

1) Session I and II registrants, 2) eight-week registrants, 3) Session I only registrants or Session II only registrants, 4) all other registrants. (Please Note: Students registered for Session I-A and/or I-B must sign up for six-week Session I housing to receive priority for summer 2001 housing. Students registered for Session II-C and/or II-D must sign up for six-week Session II housing in order to receive priority for summer 2001 housing).

Students whose Summer 2001 Residence Halls Agreement forms are received by April 13, 2001 are eligible for the lottery through which all single rooms are assigned.

Summer 2001 Residence Halls Agreements can be submitted by mail to Resident Life Assignments, Annapolis Hall, College Park, MD 20742 or by fax to 301-314-9750.

Housing Schedule:

Friday, April 13
Deadline to submit Summer 2001 Residence Halls Agreements for single room lottery and other housing requests.

Libraries

There are seven libraries on campus: Architecture Library, Art Library, White Memorial (Chemistry) Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library (housed in the Clarice Smith Performing Arts Center) and McKeldin Library. McKeldin Library is the mail library on campus. It houses many special services and collections, such as study carrels, interlibrary loan, photocopy services, government documents and maps and an adaptive technology lab. Hornbake Library, in addition to housing Nonprint Media Services, houses the Marylandia Room containing archives and manuscripts, the Library of American Broadcasting, special collections, university archives and a WAM computer lab.

All libraries are accessible for persons with disabilities and all have nearby handicapped parking.
For further information for persons with disabilities, contact the Adaptive Technology Coordinator at 301-314-7958; TTY at information desk in McKeldin: 301-405-9076.

A University of Maryland student ID card is required to borrow materials from campus libraries. New students must have their ID cards validated at the circulation desk. A map showing the locations of the libraries appears in this section of the guide. Libraries are open for Summer Sessions 2001 from June 4 – August 24.
For additional information, visit the Web site at www.lib.umd.edu/umcp.

Getting to and Around Campus

By car: Take the Capital Beltway to the College Park Exit 25. Heading south on Rt. 1, go approximately 1-1/2 miles, then turn right on Campus Dr. At the stop sign, turn right onto Regents Dr. Free 15-minute meters are available while you purchase a $4 all-day meter parking pass from Campus Parking in the Regents Dr. garage, which allows you to park at any meter except the red cap meters. (If the free meters are not available, you must park at a paid meter in Regents Dr. garage.) Park at meters for 25 cents/hour. There are free 5-minute meters at the Visitor Center (Turner Hall Lab Bldg. on Rt. 1, just south of Campus Dr.).

By Metrobus: The following routes go through campus on Campus Drive: C2, C8, F6. The following routes pass campus on Route 1: 83, 86.

By Metrorail: Take the Green Line to College Park. Get on Shuttle UM at Bus Bay B.

By campus shuttle: One can ride Shuttle UM round trip from the College Park Metro Station to the Stamp Student Union for free. No campus ID is required. There are two stops in between—one of which is near the Mitchell Building.

By MARC: MARC commuter trains stop at the College Park Metro Station.

The closest international airport is Baltimore-Washington International Airport. Campus is accessible from Ronald Reagan National Airport via Metrorail.

Parking

With a parking permit issued by the Department of Campus Parking, you may park in lots 1, 2, 3, 4, 5, 9, 11 and 16; otherwise, you may park at paid meters or in cashier-attended lots. No permit is required after 4 p.m. for commuters who park in unrestricted parking areas. Bicycles and mopeds need not be registered, but they must be parked in bicycle racks.

Students holding 2000-2001 academic year parking permits may use them for Summer Sessions 2001. You may use disabled parking spaces only if you have a current campus parking permit and a state-issued disabled permit and/or license plate. ***No parking is allowed on campus roads, in fire lanes or at unpaid meters.***

To obtain a parking permit, go to the Department of Campus Parking at the Regents Drive garage (RDG) on or after May 16, 2001, Monday – Friday between 8:15 a.m. and 4 p.m., complete a parking permit application, present a photo ID, and pay the parking fee (campus residents: $42; commuters: $21) or complete the permit application in the "Forms" section of this guide and you will be billed.

Locating the office: From Route 1, enter campus through the main gate (Campus Drive). Go to the stop sign. Turn right onto Regents Drive. Go one block.

Parking Continued

The garage is on the left-hand side. The entrance to the office is halfway down the block. There are parking meters in front of the building with 15 minutes of free parking.

You will need to make a U-turn to park at the meters. Just turn the knob. If the free meters are not available, you must park at a paid meter in Regents Drive garage.

For more information, call the Department of Campus Parking at 301-314-PARK (301-314-7275) or visit the Web site at www.inform.umd.edu/dcp.

Police

University police work with the community in a cooperative community policing effort to prevent crime and to respond and provide assistance to victims once crime has occurred. The internationally accredited department consists of approximately 75 sworn officers empowered by state law to make arrests, investigate crimes and carry firearms. With the assistance of civilian personnel and an additional 100 student police aides, police services are provided 24 hours a day, 7 days a week.

The department offers a variety of crime prevention programs and services, e.g., rape aggression defense classes, walking escorts, etc. Police may be contacted using emergency phones located throughout campus or by dialing 911. Police headquarters is located on Rossborough Lane near Baltimore Avenue (Route 1). **For additional details on university services, policies, crime statistics, steps for safety, etc., please refer to the Safety and Security brochure available from the police (301-405-3555) or visit the police Web site at www.umpd.umd.edu.**

Postal Services

Student mail is delivered to residence halls once daily Monday – Saturday, except holidays. Items too large to be placed in mailboxes are delivered to the residence desk on the third floor of Annapolis Hall. That clerk notifies students of receipt of items and requests that they be picked up. In some instances, students will be required to pick up items from **Campus Mail Services'** mail facility, which is across Route 1 at Campus Drive/Paint Branch Parkway. This is not a full service postal facility, but there is a stamp vending machine in the lobby and, for a fee, you can rent a mailbox at the facility. Faxes received through the facility are delivered to residence halls at no cost. Domestic faxes can be sent from the facility. Its hours of operation are 8 a.m. to 4:30 p.m., Monday – Friday and 8 a.m. to 1 p.m., Saturday.

For more information, visit the campus mail services Web site: www.dbs.umd.edu/mail or call 301-405-4473.

Mail Boxes, Etc., located on the lower level of the Stamp Student Union, provides stamps, postal services, fax service and shipping (UPS, FedEx) services from 10 a.m. to 4 p.m. Monday – Saturday. **For more information, call 301-314-9982.**

There is a **U.S. Post Office** at 4815 Calvert Road, which can be accessed by taking Shuttle UM to the College Park Metro Station and walking through the station, exiting through the far exit. The phone number is **301-699-0258**. The North College Park Post Office is located at 9591 Baltimore Avenue (Rt. 1); phone: **301-345-1714**.

Recreation Services

Campus Recreation Services (CRS) offers a wide variety of recreation programs, including aquatics, fitness programs, informal recreation, intramural sports, outdoor recreation and sport clubs. CRS has some of the most advanced recreation, sports and fitness facilities in the nation, including an outdoor pool, an indoor Olympic-size pool, weight rooms and fitness centers, racquet courts, gymnasiums, a turf field, an outdoor recreation center, an aerobics room, a martial arts room, a pro shop and locker rooms. CRS facilities include the new Campus Recreation Center, Reckord Armory, Ritchie Coliseum and the weight and fitness areas in the Health and Human Performance (HHP) building. ***Currently enrolled students do not need to purchase a membership; it is included in the student activities fee.*** Additional fees may apply for some services and activities.

Student Union

The Adele H. Stamp Student Union, located on Campus Drive, houses a variety of services:

Art Gallery: The Parents Association Gallery, located off the main lobby of the union and maintained by the Art and Learning Center, exhibits local, national and international art. Exhibitions with open house receptions occur monthly. The gallery welcomes exhibition suggestions from UM students.

The Art and Learning Center is a multi-purpose studio and classroom facility located on the lower level. During the summer, an extensive series of children's summer day camp programs in the visual arts, performing arts and leadership development are featured. The center is located in Room 0232. **For more information, call 301-314-ARTS (301-314-2787). See also the Kids and Camps section of this guide.**

Bookstore: The University Book Center is located in the basement of the union. For more information, see Bookstores on page 1.

Chevy Chase Bank is located on the lower level. The bank has free ATMs on campus at the following locations: Byrd Stadium, Cole Field House, Ellicott Hall, South Campus Dining Hall and Stamp Student Union. **For more information, call 301-864-8722.**

Eatery Services in the union include McDonald's, the Maryland Food Coop and Dining Services operations, including Adele's, The Coffee Bar, Pizza Shop, Taco Bell Express, Boardwalk Fries, Boar's Head Deli and the Union Shop. There are also vending machines.
For more information, call 301-314-8020.

Mail Boxes, Etc., located on the lower level, provides stamps, postal services, fax service, shipping (UPS, FedEx) services, notary service, self-serve photocopy machines, key duplicating, rubber stamps, business cards and more. **For more information, call 301-314-9982.**

Movie Theater: Due to renovations, the Hoff Theater will be closed this summer.

Recreation Center: Located in the basement of the student union, the recreation center features eight bowling lanes, 11 regulation billiard tables, one three-cushion pocket billiard table and 25 of the latest pinball and video games. **For more information, call 301-314-BOWL (301-314-2695).**

Ticket Office: There is a ticket office on the lower level. The Ticket Office acts as the box office for most campus events. As a TicketMaster outlet, it sells tickets for concerts and plays at most Baltimore/D.C. area venues, such as the MCI Center, the 9:30 Club, Rams Head, Warner Theater and Lincoln Theater. Tickets for professional sporting events, such as the Baltimore Orioles, and for entry to the Washington Monument and the National Aquarium also are available. Other services which may be purchased at the Ticket Office are Metrorail one-day passes, train tickets, Greyhound to NY tickets, EconoCard phone cards, meter debit cards, notary public services and discounted tickets for King's Dominion, Six Flags America Amusement Theme Parks and the Maryland Renaissance Festival. Locker rentals in the student union may also be purchased for $10 for the summer, which includes the lock.

For more information, call 301-314-TKTS (301-314-8587) or visit the Web site at www.union.umd.edu.

The Terrapin Express Prepaid Debit Card

Terrapin Express, the latest advance in the university's quest to make campus life a little easier, is a prepaid debit account that can be used to pay for products and services all around campus. It is convenient, secure and simple:

- **Convenient:** With Terrapin Express, you have purchasing power all over campus without cash, checks or credit cards. If you forget to buy a book for class or need school supplies, there is no worry when you have Terrapin Express.

- **Secure:** Unlike cash—or even checks—if your card is lost or stolen, the account can be frozen just by calling the Terrapin Express Contract Office's Lost Cards Division at **301-314-8064.**
- **Simple:** It is easy to open a Terrapin Express account. Stop by the Terrapin Express Contract Office at 1109 South Campus Dining Hall with a minimum of $20 to open your account. Money can be applied to the card using cash, check or credit card (VISA, MasterCard, American Express or Discover Card). Your account is activated instantly; there is no waiting for clearance before the first use. Once you have opened your account, you can always add more money anytime with cash, check or credit card.

Campus Services

Transportation

Free **shuttle bus** service—Shuttle-UM—is available from the **College Park Metro Station** for visitors to campus and for all members of the university community. No ID is required for this route. The bus leaves the Stamp Student Union and the College Park Metro Station every quarter hour from 6:45 a.m. to 7:45 p.m. The bus leaves from the bus bay in Lot HH across from the Stamp Student Union and from the second to last bus stop (Bus Bay B) on the River Road side of the College Park Metro Station. Schedules are posted at both stops and also are available at the Stamp Student Union Information Desk.

Other Shuttle-UM service is available during the summer for members of the university community. The following routes require a valid University of Maryland student, faculty, or staff ID to board. Service to Adelphi North, Adelphi South, Queens Chapel, Greenbelt, Springhill Lake, Rhode Island Avenue, New Carrollton and Silver Spring Metro will begin the first day of Summer Session I. Schedules will be available in May on the Shuttle-UM Web site, as well as at Commuter Affairs and Community Service, 1195 Stamp Student Union, Department of Campus Parking, Regents Drive Parking Garage and the Stamp Student Union Information Desk. You may also request a schedule by contacting Shuttle-UM at 301-314-7270. Schedules will be posted in the bus bays at the Stamp Student Union.

Shuttle-UM Evening Security Service route Circuit and Call-A-Ride will operate on campus throughout the summer, seven days a week. These services do not require an ID to board. Circuit schedules are available at the above locations and you may request Call-A-Ride by contacting Shuttle-UM at 301-314-CALL (2255). Call-A-Ride is a curb-to-curb security service serving the campus and immediate vicinity, including the College Park Metro Station, University Courtyard Apartments, Graduate Hills, Graduate Gardens, downtown College Park, Berwyn House Apartments and Berkley Apartments.

Shuttle-UM service will not be available when the university is closed for Independence Day, July 4.

For more information, contact Shuttle-UM at 301-314-2255 or www.umd.edu/shuttle.

Metrobus routes serving the campus are 83, 86, C2, C8 and F6. **Bus schedules are available at the Stamp Student Union Information Desk or by contacting Metro at 202-637-7000.**

COURSE HIGHLIGHTS

Life is big at the University of Maryland and it just got bigger! This summer we've added several new courses and expanded some of last summer's favorites. These exciting courses can help you to make the most of your summer and get a jump on your academic or career goals. Imagine mentally escaping to a foreign land by learning to speak Japanese, traveling to South Dakota to work and learn on an Indian reservation or exploring an exciting career in architecture! Life is big...don't you want to learn as much about it as you can? Take a close look at this sampling of summer course highlights and make this summer your biggest ever! Courses are listed by school/college.

College of Agriculture and Natural Resources

The oldest college at the university, the College of Agriculture and Natural Resources has a long history of service to Maryland. Its three-part structure—academic programs, the Maryland Cooperative Extension Service and the Agricultural Experiment Station—allows it to touch the lives of individuals throughout the state and beyond.

The college offers an array of programs designed to prepare students for careers in fields ranging from bioengineering and genetics to dietetics and natural resources management.

Faculty and students collaborate with scientists at the important agricultural, environment and health organizations and agencies in the area, including the U.S. Department of Agriculture, National Institutes of Health, U.S. Food and Drug Administration and the U.S. Environmental Protection Agency.

TraveLearn 2001

Maryland offers a variety of travel study opportunities reaching into various regions of the continental United States and extending the imagination, learning and life experiences of the participants. Listed here is a travel study option available to students in summer 2001. It may have early decision dates, so please make note of any unusual deadline dates for application or inquiry.

NRSC 499C International Plant Adaptability in the California Landscape

Aug. 6 – 24 (3 credits)

A study of the country's most diversified landscape palette will be conducted throughout Southern California. Emphasis will be placed on the adaptability of international plants to the Southern California landscape. Venues for studying plant adaptability will include botanical gardens, production nurseries, landscape companies and landscaped facilities representative of international plant diversity. Morphological and physiological comparisons, of the introduced plants, will be made between their indigenous and California environments. The propagation, production and cultural practices of the introduced species will also be discussed.

For program information, contact Steven Cohan at 301-405-6969 or sc293@umail.umd.edu. For program costs and travel itinerary, contact Chuck Wilson at 301-405-0338 or chuckw@deans.umd.edu.

Course Offerings and Highlights

School of Architecture

The School of Architecture is a small, selective program with an outstanding record of preparing professionals in both architecture and community/urban planning.

In the past 10 years, more of our students have won honors in Association of Collegiate Schools of Architecture competitions than have those at any other architecture school in the world.

Faculty expertise, demonstrated through research, publication, design and service to the community, is enhanced by a regional location that is rich in architectural styles and community contexts.

The School of Architecture also houses a highly-reputed architectural library that includes the archives of the National Trust for Historic Preservation and the Elizabeth Alley Visual Resource Collection, one of the best teaching collections of slides and visual materials on architecture in the country.

ARCH 150 Introduction to Architecture—Design Career Discovery Workshop in Architecture

June 25 – July 13 (3 credits)

So you want to be a designer?

A special three-week workshop this summer allows an insider's view of the environmental design professions.

Faculty from the School of Architecture explain careers in architecture, landscape architecture and urban design and planning. This hands-on course takes you on a tour of buildings, subway systems, historic neighborhoods, parks and gardens in the Washington, D.C.—Baltimore area. Visit with professionals in their offices and at construction sites. Learn the history, value and technology available in the design profession. The course culminates with a project made in class that is suitable for your portfolio and/or application for admission to a design school.

The Design Career Discovery Workshop in Architecture is open to high school juniors or graduating seniors, college students or anyone interested in considering a career choice or career change. No previous experience in architecture is required, only your enthusiasm!

For more information, call SPOC at 301-314-3572 or 1-877-989-SPOC.

ARCH 488C/HISP 619C, ARCH 489/HISP 679 Preserving the Past in Historic Cape May

May 28–June 15

A special summer program in historic preservation, now in its 18th year, offers students a close-up look at the academic, technical and professional rigors of the preservation processes. Students stay at the historic Chalfonte Hotel in the beautiful seaside resort town of Cape May, N.J., from May 28–June 15, and work side by side with faculty and professional preservationists. Areas of study may include: architectural investigation, introduction to architectural photography/HABS documentation photography, historic American buildings survey and preservation techniques like wood and paint restoration. Students may also tour other local house museums, Bed & Breakfast Inns, maritime structures and other restoration work in progress in nearby Atlantic City, the Wildwoods and Woodbine. Students will render a report that includes written, graphic and photo documentation. Restoration work done during the summer serves as a basis for future visits by architectural preservationists from the university.

Two courses are offered (3 credits each): ARCH 488C/HISP 619C "Selected Topics in Architecture—Historic Preservation Field School;" and ARCH 489/HISP 679 "Measured Drawings for Historic Preservation," which may only be taken with ARCH 488C/HISP 619C, not independently, and will be held in College Park during the remaining four weeks of Summer Session I. **There is an application deadline of April 1** to apply for the summer program. Room and board at the hotel are included in the fee, but participants must provide their own transportation to and from Cape May. For more information, contact Michael Arnold at 301-405-6324 or ca53@umail.umd.edu.

College of Arts and Humanities

The 25 departments and centers in the College of Arts and Humanities offer education, research and scholarship in the arts, history, literatures, languages and cultures of people throughout the world. Here, the performing and visual arts thrive, making it a true center of human thought, human creativity, human history and human potential.

The college has taken leadership in the uses of technology, especially electronic media, for instruction and research, and has developed important multidisciplinary programs in Latin American Studies, the Committee on Africa and the Americas, and Jewish Studies. There also are ambitious interdisciplinary projects linking linguists with computer scientists, psychologists and neurobiologists in the study of cognitive and neurosciences.

ENGL 360 Indian, African and Caribbean Literature

June 4 – July 13 (3 credits)

Through a reading of texts, watching films and involved classroom discussions, students can gain a much greater understanding of the black diaspora. Learn about the forced and voluntary migrations of Africans and South Asians to the Caribbean, Africa, England and the United States. Discuss racial formations and the ways that the terms black and brown circulated differently in separate locations and dissimilar historical contexts. Also discuss gender and sexuality as they relate to race and color.

The course is taught by Sangeeta Ray, associate professor of English, who is the author of "En-Gendering India: Woman and Nation in Colonial and Postcolonial Narrative." Selected as Woman of Color of the Year in 1999, Ms. Ray has given lectures at the University of Miami, SUNY Stony Brook, Old Dominion University, Jadavpour University in Calcutta and Harvard.

ENGL 379B Special Topics in Literature: Blues and African American Folksong

June 25 – July 13 (3 credits)

Survey the roots and branches of the blues tradition in the 20th century, examining such diverse musical forms as spirituals, worksongs, hollers, reels, gamesongs, gospel, zydeco, rhythm and blues, soul and rock. Multimedia and multicultural, the course uses films, sound recordings and readings to explore the cultural contexts of these musical forms. Special attention is paid to artists like Robert Johnson and Bessie Smith, folksong collectors like Alan Lomax and Zora Neale Hurston and interpreters and critics including Albert Murray and Angela Davis. The course is taught by Barry Lee Pearson, professor of English, who has written two books as well as articles, reviews, program and recording notes on African American traditional and popular music. In 1993, Pearson was nominated for a Grammy for Best Traditional Blues Album for his recording, "Roots of Rhythm and Blues: A Tribute to the Robert Johnson Era." In addition to teaching and writing, he is a performing musician who has toured worldwide.

Dr. Barry Lee Pearson has produced two books and more than one hundred other publications dealing with African American traditional and popular music. The bulk of this work derives from over two hundred interviews with blues performers. He has written an oral autobiography, which is the focus of his book Sounds So Good to Me: The Bluesman's Story, regionalism and the relationship between life story and repertoire which are discussed in Virginia Peidmont Blues: The Lives and Art of Two Virginia Bluesmen and blues artists as narrators in "Jook Right On": Blues Storytellers and the World of the Blues, a forthcoming work and has just finished a study of Delta bluesman Robert Johnson entitled Robert Johnson and the Devil: The Expropriation of an American Musical Hero. In 1993, he was nominated for a Grammy for Best Traditional Blues Album: Roots of Rhythm and Blues: A Tribute to the Robert Johnson Era. Currently a Professor in the English department of the University of Maryland, he works with organizations engaged in presenting traditional American music including the Smithsonian Institution, the Library of Congress and is President of the National Council for the Traditional Arts.

Course Offerings and Highlights

ENGL 488S A Voice of One's Own: Writing the Personal Essay

June 4 – 22 (3 Credits)

An opportunity for concentrated work on personal writing projects. Students read, discuss and use as models for their own work book/music/film reviews, humor essays, illness narratives, political essays, childhood narratives and biographical essays. Exercises designed to inspire new ideas and new angles are a part of each day's meeting, as well as a thorough critique of each student's writing. The course is taught by Susan J. Leonardi, professor of English, who is the author of two books,"Dangerous By Degrees" and "The Diva's Mouth". Leonardi also is co-chair of the university's Life Writing Project, a cross-campus group of faculty and graduate students interested in autobiography, biography, the personal essay, interviews and other Life Writing forms.

Philosophy at Maryland

Summer provides the perfect opportunity to explore new subject content and if you have an unusual degree of intellectual curiosity, philosophy may be the subject for you. Philosophers are the original intellectual omnivore. Within Maryland's department there are philosophers whose work deals with music, biology, painting, policy, physics, religion, linguistics, psychology, geology, computer science and many other fields. Courses often cross disciplinary boundaries and deal with material from a variety of subjects. For summer 2001, the Philosophy Department has put together a series of courses that are unique and provide a once-in-a-lifetime opportunity to tackle in depth a subject of timely interest. A sampling of this summer's offerings include the following courses listed below.

PHIL 308C Philosophy in Film

July 16 – Aug. 24 (3 credits)

A night at the movies is supposed to be a "reprieve" from intellectual inquiry. But if there is little difficulty keeping our inquiries out of the movie house, the same cannot be said for keeping movies out of the classroom. Some movies are far too useful to ignore when it comes to illuminating philosophical dilemmas or bringing certain philosophical questions into relief. The primary purpose of this class is to introduce students to a handful of topics central to different areas of philosophy. We will consider such questions as what counts as knowledge? When (if ever) is a scientific hypothesis confirmed? Why be moral? Could machines ever be conscious? Films will provide the entry point into these questions, followed by the work of philosophers and their attempts to settle these questions. Students are not expected to have had previous exposure to technical philosophy.

PHIL 308G Sexual Consent

July 16 – Aug. 24 (3 credits)

Traditional approaches to ethics condemn a wide range of sexual behavior, even between consenting adults, e.g., sex outside of marriage, sex protected by contraception, homosexuality, etc. But according to more modern approaches, consent is enough to make most sexual practices acceptable. Is consent enough, for example, to counter objections to homosexual relationships? If not, what more is needed to make sex between adults morally acceptable. These are the kinds of questions that will be our focus in this course.

PHIL 308R God, Evil and Evidence

July 16 – Aug. 24 (3 credits)

Writing of the hanging of two adults and a child that he witnessed while in a Nazi death camp, holocaust survivor Elie Wiesel relates that the two adults died quickly. The child, on the other hand, took longer. "For more than a half an hour he stayed there struggling between life and death, dying slowly in agony under our eyes. And we had to look him full in the face. He was still alive when I passed in front of him. His tongue was still red; his eyes were not yet glazed. Behind me, I heard the same man asking, "Where is God now?" Is the existence of such hideous evil evidence that God does not exist? Is there any proof that God does exist? Does one even need proof to rationally believe that there is a god? These are the types of questions that will be explored in this course.

Music Education

(See p. 7 for more music courses.)

MUED 499C/698C Silver Burdett Ginn Summer Music Workshop

June 20 – 22 (1 credit)

Participants will interact with The Music Connection authors and music education specialists as they help teachers explore current teaching techniques, discover fresh ideas and new ways to teach K-8 music and share solutions to teaching challenges. Clinicians and participants share activities that focus on elementary and middle school techniques, choral techniques, MIDI and music technology and curriculum integration.

MUED 499B/698B Dalcroze Institute

June 25 – July 6 (2 credits)

Emile Jaques-Dalcroze (1865-1950) developed an exciting approach to learning music through eurhythmics (movement), solfege (singing with syllables) and improvisation. The most widely recognized feature of the Dalcroze approach is eurhythmics, which increases rhythmic sensitivity through physical movement for all students. Teachers will experience and learn all aspects of Dalcroze training and be able to immediately incorporate these concepts into the classroom. This will be the first summer of two that will lead to a certificate. Monica Dale and John Stevenson are well-known clinicians and authors of the Dalcroze Approach.

MUED 499A/MUED 698A Teaching the High School and Middle School Band: Music, Methods and Materials

July 23 – Aug. 10 (3 credits)

Specifically for instructors of secondary school wind and percussion students, this intensive three-week course offers new insight into identifying effective rehearsal techniques, choosing new band music and actively exploring creative teaching methods. The course is taught by Michael Hewitt, assistant professor of music education, who is active as a researcher and clinician and has presented his work in Colorado, Arizona, Texas and Canada.

Foreign Language Studies

The Department of Asian and East European Languages and Cultures is pleased to present its summer 2001 intensive language programs. This summer take advantage of these special intensive language courses that enable you to acquire a full year of college-level study in the summer sessions. Two languages will be featured: Chinese and Japanese.

You will be able to earn 12 credits during the Summer Sessions and complete two semesters of language study in just 12 weeks. Upon successful completion, these accelerated courses will enable you to fulfill the University of Maryland foreign language requirement.

Intensive Courses in Elementary, Intermediate and Advanced Modern Japanese

An accelerated intensive course of study designed for highly motivated students who wish to complete a one-year language requirement in a single summer. Introduces fundamental language skills in modern Japanese. Emphasizes conversational skills (listening, comprehension and speaking), including grammar and pronunciation. Introduces reading and writing Hiragana, Katakana and Kanji. Requires no previous knowledge of Japanese. Students are required to attend all classes and complete all assignments to maintain the rapid pace of this rigorous course. Early enrollment is advised in this popular intensive course. Admission closes as of the second class.

JAPN 101 Elementary Japanese I

June 4 – July 13 (6 credits)

Introduction to the basic spoken patterns of contemporary Japanese and the two phonetic syllabaries (Katakana and Hiragana).

JAPN 102 Elementary Japanese II

July 16 – Aug. 24 (6 credits)

Continued introduction to the basic spoken patterns of contemporary Japanese. Reading and writing of about 100 kanji. Prerequisite: Japanese 101 or equivalent.

JAPN 201 Intermediate Japanese I

June 4 – July 13 (6 credits)

Contemporary spoken and written Japanese. Prerequisite: Japanese 102 or equivalent.

JAPN 202 Intermediate Japanese II

July 16 – Aug. 24 (6 credits)

Contemporary spoken and written Japanese. Prerequisite: Japanese 201 or equivalent.

JAPN 301 Advanced Japanese I

June 4 – July 13 (6 credits)

Advanced conversation, oral comprehension and selected readings. Prerequisite: Japanese 202 or equivalent. Offered in Summer Session I.

JAPN 302 Advanced Japanese II

July 16 – Aug. 24 (6 credits)

Continue readings in varied modern texts and advanced conversation and oral comprehension. Prerequisite: Japanese 301 or equivalent.

Intensive Study in Elementary Modern Chinese

An accelerated intensive course of study designed for highly motivated students who wish to complete a one-year language requirement in a summer session. It introduces fundamentals of standard Chinese (Mandarin), including pronunciation, grammar and Chinese characters, emphasizing the four basic language skills: speaking, listening, reading and writing. Requires no previous knowledge of Chinese; not open to students who have learned from whatever source enough Chinese to qualify for more advanced courses. Students are required to attend all classes and complete all assignments to maintain the rapid pace of this intensive course. Early enrollment is advised in this popular intensive course. Admission closes as of the second class.

Course Offerings and Highlights

CHIN 101 Intensive Elementary Chinese
June 4 – July 13 (6 credits)

Introduction to speaking, reading and writing Chinese with emphasis on mastering the essentials of pronunciation, basic characters and structural patterns.

CHIN 102 Elementary Spoken Chinese
July 16 – Aug. 24 (3 credits)

Continued study of grammatical patterns and vocabulary with particular emphasis on conversation. May be taken in conjunction with CHIN 103. Prerequisite: CHIN 101 or equivalent.

CHIN 103 Elementary Written Chinese
July 16 – Aug. 24 (3 credits)

Continued study of grammatical patterns and buildup of vocabulary with particular emphasis on reading and writing. May be taken in conjunction with CHIN 102. Prerequisite: CHIN 101 or equivalent.

The Maryland English Institute

The Maryland English Institute (MEI) provides both full-time and short-term programs in English for non-native speakers of English. The institute provides high-quality instruction that meets the everyday needs of non-native speakers and their sponsors, and also strengthens their ability to excel in rigorous professional and academic environments.

Courses and programs are delivered by faculty who have earned at least a master's degree in either English as a Second Language, applied linguistics or another related field. Most instructors have also taught abroad and have mastered a foreign language.

Students are evaluated daily by their instructors through homework assignments and in-class participation. A standardized English language examination (the Maryland English Institute Proficiency Examination) and a writing test are given at the beginning and at the end of the term to measure students' overall proficiency.

The Summer Intensive English Program UMEI 001, UMEI 002, UMEI 003, UMEI 004
June 20 – Aug. 1 (12 credits)

A full-time, six-week program designed for those who want to improve their English for academic, professional or general purposes. The program offers multiple levels of language instruction, from beginner to advanced levels. Students at all levels can develop their ability to speak, listen, read and write in English, as well as expand their knowledge of English grammar and increase their vocabulary. Many classes are Web enhanced, and teachers encourage computer-assisted learning at all levels. Students participate in a welcoming reception, an orientation to the University of Maryland and other activities like an ice cream social and informal gatherings at the university's Campus Recreation Center pool.

Cultural Studies

AMST 418L Asian American Film
June 4 – July 13 (3 credits)

Introduces students to films and videos that are either produced by Asian-American filmmakers and videographers (including Kip Fulbeck, Dai-Sil Kim-Gibson and Renee Tajima-Pena) or portray the representation of Asian Americans (as in the work of Anna Deavere Smith.) Students view both documentaries as well as mainstream films like "The Joy Luck Club" and "Romeo Must Die." After viewing, students discuss topics that include issues of central concern for Asian-American filmmakers, characteristics that constitute "Asian-American cinema," the ways that Asian-American films and videos contribute to the understanding of American culture and what academic disciplines (history, cultural studies, psychoanalytic theory) help to understand the relationships between these films and videos and their audience.

Latin American Studies

SPAN 234, SPAN 235 Issues in Latin American Studies I and II
SPAN 234, June 4 – 22 (3 credits)
SPAN 235, June 25 – July 13 (3 credits)

With the use of multimedia, these courses offer an interdisciplinary approach that explores major issues affecting Latin American, Caribbean and U.S. Latino cultures. All readings, materials lectures and discussions are in English, and both courses together fulfill core requirements for the undergraduate certificate in Latin American Studies. SPAN 234 discusses cultural diversity in Latin America and the Caribbean, colonial legacies, migration, religion and authoritarian regimes. SPAN 235 looks at race and ethnicity in Latin America and the Caribbean, the changing role of women in Latin American societies, artistic expressions and revolutionary movements. SPAN 234 and 235 can be taken individually or in sequence (234 is not a prerequisite for 235).

SPAN 798 Latin America's Crossroads: Challenging Cultural Traditions

July 2 – 13 (3 credits)

Designed and targeted specifically for those in the teaching professions, the course focuses on Latin America's and the Caribbean's diverse cultures and historical development—particularly as the region faces new challenges brought on by issues such as cultural globalization. Through the use of videos and short texts, students explore topics including race and ethnicity, changing women's roles, religion, and dictatorship and democratization.

Performing Arts

THET 499P Puppet Theatre at the University of Maryland

June 4 – July 13 (3 credits)

Explore the farthest reaches of your imagination through the magic of puppets. Students will individually write, direct, design, build and perform their own creations, with personal life stories as the basis for their work. The creativity offered in this class is well-suited for anyone: theatre majors, teachers, women's studies majors and English majors can all gain valuable skills in this workshop. In addition to the creative elements of the class, a review of contemporary trends in puppet theatre are examined. The class is taught by Michael Cotter, founder of Blue Sky Puppet Theatre, which performs in more the 650 children's schools each year and is the resident children's theatre at Wolf Trap in Vienna, Va.

THET 120 Acting I

June 4 – July 13 (3 credits)

This creative summer theatre workshop focuses on individuality as a source of strength. Each student is asked to explore "what" made them want to take this course; a desire, a curiosity? This question is answered by the use of theater games, scripts and improvisation. The course is taught by Mitchell Hebert, who is director of performance in the university's Department of Theatre as well as a professional actor with both local and national credits in stage, film and radio.

MUSC 448L MIDI Applications

Available during Summer Sessions I and II (3 credits)

Learn about computer hardware and software that is able to digitally store music performed on a musical keyboard. Musical Instrument Digital Interface (MIDI) technology lets computers, synthesizers and other devices send and receive information about performance, notation and sound. One use of this technology allows the rendering of a musical piece that is then digitally stored on a disk for playback, editing and transfer to other software able to print standard music notation. The course also shows you how to prepare sound files for the World Wide Web as well as create your own CDs. No prior experience with musical applications is required. The class is held in the new state-of-the-art Music Technology Lab in the Clarice Smith Performing Arts Center.

MUSC 448K Music Notation on Computers

Aug. 6 – 24 (3 credits)

Learn to use the Finale For Macintosh software program. This technology allows you to easily and effectively use a computer workstation to produce a wide range of music notation projects. Learn the basic introduction to the software, then progress to more advanced levels and learn the tips, techniques and shortcuts used by music production professionals to increase ease of use, speed and productivity. No prior experience with musical applications is required. The class is held in the new state-of-the-art Music Technology Lab in the Clarice Smith Performing Arts Center.

MUSC 155 Fundamentals for the Classroom Teacher

June 4 – July 3 (3 credits)

Specifically for students majoring in pre-early childhood education, pre-elementary education, elementary education or childhood education. Learn the fundamentals of music theory and practice related to the needs of the classroom and kindergarten teacher. The course is taught by Michael Hewitt, assistant professor of music education, who is active as a researcher and clinician and has presented his work in Colorado, Arizona, Texas and Canada.

BIG AS LIFE.

Course Offerings and Highlights

College of Behavioral and Social Sciences

The College of Behavioral and Social Sciences (BSOS) faculty and students are engaged in research and teaching about social, political and economic issues that define contemporary life. BSOS emphasizes the importance of diversity in shaping our understanding, the impact of economic globalization and technology on our communities and political institutions, and the training of leaders to cope with a changing world. Its criminology and criminal justice program is one of the best in the country. Economics is one of the 10 best public university departments, and government and politics, psychology and sociology are ranked in the top 25 percent nationwide.

The James MacGregor Burns Academy of Leadership is a burgeoning center of research and education for students, underrepresented populations, and emerging leaders to hone their skills and understanding of principled leadership and civic engagement. The college also hosts a major center for the study of military sociology and a Center for Population, Gender and Social Inequality, which focuses on the economic and social changes that affect family life, workplace and national social policies in the United States and abroad.

Criminology and Criminal Justice

CCJS 370 Race, Crime and Criminal Justice

June 4 – July 13 (3 credits)

News Stories are More Than Black and White

The media's portrayal of racial stereotypes connected with criminal activity—whether real or imagined—can have lasting social consequences.

One need only recall news stories of the last decade like the Susan Smith case and Tawana Brawley episode. In the Smith case, the South Carolina mother of two initially claimed a black carjacker abducted her children—who later were found drowned in a lake; Tawana Brawley insisted she was viciously attacked and raped by a group of white men. Both of these highly publicized cases later proved quite different from what was originally reported in the media.

Katheryn Russell, associate professor of criminology and criminal justice, examines the serious damage possible from the media's manipulation of racial stereotypes. "Race, Crime and Criminal Justice" asks students to question the media's role in the often-joined issues of race and crime. Russell earned her doctorate in criminology from the University of Maryland and a law degree from Hastings College of the Law, University of California. She is the author of The Color of Crime (NYU, 1998), a well-received book on the phenomenon of the "racial hoax" in the media.

The course requires a considerable amount of reading, including a daily review of the Washington Post. Headlines, mug shots and the way race is portrayed are analyzed and discussed in class. Students then create newspaper policy reports—the reports—the reports consider how race should be addressed and referenced in the media, and coincide with the course's extensive readings on American's historical legacy of race and crime. The capstone of the class involves meeting with an editor from the Washington Post. Students present their policy ideas and interact face-to-face with a professional whose job it is to deal with these issues on a daily basis.

For more information, call 301-405-4699.

Government and Politics

GVPT 200 Introduction to International Relations

July 16 – Aug. 3 (3 credits)

Gain an understanding of the major theories of international relations in the areas of conflict, negotiation and cooperation. The course is taught in a seminar fashion and makes extensive use of computer simulations that illustrate the theoretical and empirical aspects of international relations. Students use ICONS software to develop their own "virtual" country, and then interact with other students to manage conflicts and negotiate disputes. Concerns that arise in this virtual world mirror real life scenarios: war, peace, economics and the future of the global environment. In addition, students can take nearby field trips to Washington, D.C. to visit government agencies and other organizations that deal with international relations. The class also features guest speakers from the university's renowned community of scholars in the field of crisis and conflict resolution.

GVPT 309X Topics in International Relations: Conflict Resolution—The Israeli/Palestinian Experiment

July 16 – Aug. 24 (3 credits)

Give Peace a Chance

Until recently, most of the dialogue between Palestinians and Jews in the Middle East was spoken with bullets and bombs.

A groundbreaking course this summer allows an in-depth understanding of this volatile issue. "Conflict Resolution: The Israeli/Palestinian Experiment" uses interactive discussion, historical perspectives and problem-solving workshops to search for common ground concerning the continuing disagreements in the Middle East. Topics discussed and analyzed include the fate of Jerusalem, the problems associated with refugees, both authorized and unauthorized settlements, water rights, border disagreements and security concerns. While this conflict in the broader perspective of other global ethno-political conflicts.

The class features two uniquely qualified instructors: Manuel Hassassian and Edy Kaufman. Hassassian and Kaufman have worked together for the last six years and are also research associates of the University of Maryland's Center for International Development and Conflict Management.

Hassassian is a Palestinian and resident of the West Bank. He is dean of the College of Arts and Humanities at Bethlehem University. Hassassian was educated in the United States and received his doctorate in political science from the University of Cincinnati. Kaufman is an Israeli citizen currently on leave from Hebrew University where he teaches international relations. He was former director of the Harry S. Truman Institute for the Advancement of Peace. Kaufman received his doctorate in international relations from the Sorbonne, University of Paris.

TraveLearn 2001

Maryland offers a variety of travel study opportunities reaching into various regions of the continental United States and extending the imagination, learning and life experiences of the participants. Listed below is a travel study option available to students in summer 2001. It may have early decision dates, so please make note of any unusual deadline dates for application or inquiry.

Field School in Urban Archaeology

ANTH 496 Field Methods in Archaeology
ANTH 696 Field Methods in Archaeology
June 4 –July 13 (6 credits)

Learn techniques of archaeological excavation as you explore two sites in/associated with Historic Annapolis, Md.

The Department of Anthropology and the University of Maryland, College Park Office of Continuing and Extended Education announce the 20th season of excavation in historic, urban Annapolis—a program of onsite archaeological excavation and research offered in cooperation with the Historic Annapolis Foundation. This intensive, six-week program devotes eight hours daily to archaeological fieldwork, laboratory work, stratigraphic analysis and preliminary interpretation and write-up.

Join Drs. Mark Leone, professor in the Department of Anthropology and Jessica Neuwirth, archaeological curator with the Historic Annapolis Foundation, as the Archaeology in Annapolis project embarks on a program of systematic site sampling in Eastport (a waterfront neighborhood in urban Annapolis) and broad-scale data recovery of deposits associated with the Eastern Shore plantation of Annapolis resident and eighteenth-century Maryland governor, William Paca. Collectively, the two investigations complement one another in their attention to sites associated with people and events central to Annapolis and Maryland history and culture. Moreover, the opportunity to participate in archaeological investigations from initial survey to full data recovery will afford students experience with shovel test pit (STP) survey, excavation, African American history and archaeology, landscape history and archaeology and site report preparation.

As we enter the 21st century, the profession of archaeology requires that its practitioners possess a wide array of skills and abilities. Specific skills to be developed via participations in the Annapolis field school include: soil identification and Munsell determinations; profiling, mapping and site photography; artifact identification and cataloguing; understanding of site formation processes and reconstruction of site stratigraphy; basic surveying and mapping; use of topographic maps; and elements of site report production such as background historical research, production of unit summaries and familiarity with professional standards and guidelines for conducting and reporting on fieldwork and subsequent laboratory analysis. In addition to their field and lab work, students engage in lively discussions concerning the role of archaeology in contemporary society. The project has made special efforts in the last decade to address African American presences in its work. We continue to add to the growing archaeological database by searching for material evidence of the enslaved and free African Americans who lived and worked at former Governor Paca's Wye Hall, on the Eastern Shore and in the maritime community of Eastport, a short walk from downtown Annapolis.

Course Offerings and Highlights

Robert H. Smith School of Business

The Smith School of Business is moving quickly to the top ranks of business schools nationwide. Ranked 20th by *"U.S. News & World Report"* for its undergraduate programs, and 22nd by *"Business Week"* for its graduate programs, the school was recognized by *"Computerworld"* magazine as having the nation's third best technology-oriented M.B.A. program. *The Financial Times* recently ranked the full-time M.B.A. program 6th in faculty research worldwide and 19th among all U.S. schools.

The Smith School's strong base in finance, accounting, management, marketing, transportation and public policy is coupled with new emphasis on business telecommunications, electronic commerce, financial engineering, global knowledge management and logistics, and supply chain management. Close partnerships with other colleges at the university offer unique educational opportunities in the fields of information technology, biotechnology and systems engineering.

The school's Dingman Center for Entrepreneurship provides a wide range of services for the regional business community, from professional services to investment capital.

College of Computer, Mathematical and Physical Sciences

This college provides a solid base for the university's excellence in science and technology with six departments: astronomy, computer science, geology, mathematics, meteorology and physics. The computer science, physics and mathematics departments are in the top tier of various national rankings. A research group in the modern theory of chaos and nonlinear dynamics is ranked No. 1 in the nation.

The college is propelling the university toward national leadership in the critical public policy and scientific area of earth system science. A close relationship with NASA Goddard, combined with strengths in geology, meteorology and in the computationally intense area of coupled global climate and land surface models is enabling important study of global data sets.

Technology transfer from the college has enabled several successful start-up companies in Maryland, and the dissemination of world class research to industry and government is building the college's reputation nationwide.

College Of Education

The College of Education prepares teachers, counselors, administrators and educational specialists to work in school and non-school settings, with students from infancy through adulthood. Solidly placed among the top 25 education schools in the country, the college is widely recognized as having one of the top three programs in counseling and personnel services.

A highly selective program is offered for teachers, administrators, curriculum developers and policy experts in early childhood through higher education, as well as special education. The college also grants degrees in human development and educational statistics, and offers graduate outreach programs in education technology and other areas. Its nationally renowned Center for Young Children offers a creative learning experience for preschoolers as well as a living laboratory for the study of early childhood.

A. James Clark School of Engineering

Glenn L. Martin
Institute of Technology

For more than 100 years, the engineering program has contributed to the academic and research reputation of the university. The Clark School, now recognized as one of the 20 best engineering schools in the nation, has departments in aerospace, biological resource, chemical, civil and environmental, electrical and computer, fire protection, materials and nuclear, and mechanical engineering, with emphasis on the interdisciplinary nature of research and education in these areas. Student teams collaborate on projects like alternative fuel vehicles, robots, space technology, smart structures and manufacturing systems.

Engineering research at Maryland is closely tied to the region's strengths in information technology, biotechnology and communications. The university serves as a resource to start-up technology-based companies and to established industries that need technical assistance.

College of Health and Human Performance

The College of Health and Human Performance is a leader in training health and wellness professionals able to contribute to individual, family and community physical and mental well being. The college has strong research programs in gerontology, strength training for older adults, health insurance and long-term care, and minority health concerns. Its traditional role in educating physical education and health teachers for k-12 programs is based in the Department of Kinesiology, where sports medicine, physical therapy and the effects of exercise on all age groups are also part of the curriculum.

In the Department of Family Studies, research into the social disfunctions that lead to abuse, both physical and substance-oriented, is paired with the study of community organizations that support and nurture healthy environments for children, teens, the disabled and the elderly. The Family Service Center provides therapists-in-training with valuable experience while providing low cost counseling.

Philip Merrill College of Journalism

The Philip Merrill College of Journalism has emerged as one of the best journalism schools in the nation by focusing on traditional core journalism values while embracing new technologies for news gathering and delivery. Recent graduates are now reporters, editors and producers at *The New York Times*, CNN, *The Washington Post*, *U.S. News & World Report*, the Associated Press, washingtonpost.com and other top news organizations around the country.

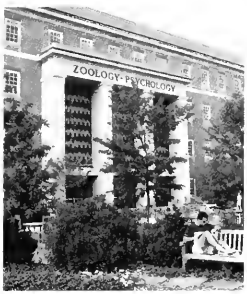
Journalism students learn from faculty such as former New York Times managing editor Gene Roberts, former CNN executive producer Lee Thornton, Pulitzer Prize-winning journalist and author Haynes Johnson and world-renown scholar Michael Gurevitch. Many students spend a semester as Washington and Maryland Statehouse correspondents for Capital News Service, the college's premier public affairs reporting program in Washington and Annapolis.

Course Offerings and Highlights

College of Library and Information Services

CLIS is a graduate school for the education of professionals in information storage and retrieval, archives and records management, school library media services and human-computer interaction. In a first-time ranking of schools of information studies by *U.S. News & World Report* in 1999, the college was ranked 14th in the nation. In special areas it ranked 2nd in archives, 6th in health information studies and 10th in information systems.

Links to the area's many libraries and archives, including the Library of Congress, the National Archives, the National Library of Agriculture and the National Library of Medicine provide a rich resource for faculty and students in their pursuit of knowledge in this complex and evolving field.



College of Life Sciences

The College of Life Sciences offers undergraduate and graduate study in chemistry, biochemistry, entomology, cell biology and molecular genetics and a range of programs in the biological sciences, including marine biology, microbiology, physiology and neurobiology. Many undergraduates prepare for professional education in medicine, dentistry, optometry, osteopathic or pediatric medicine in the rigorous programs of this college.

Pre-med students are invited to apply for the Joint Biomedical Research Program, a collaboration with the University of Maryland School of Medicine in Baltimore. Undergraduate research fellowships are also granted through the Howard Hughes Medical Institute. These fellowships, reserved for the top science schools in the nation, allow students to pursue independent research under faculty direction.

MEES 698N Historical Ecology of the Chesapeake Bay: The Chesapeake Watershed

July 9 – 20 (2 credits)

This field-oriented workshop is specifically designed to introduce secondary (grades 7–12) science and social study teachers to the ecological history of the Chesapeake Bay and its watershed areas. Using the professional expertise and resources of the Solomon's Environmental and Archaeological Research Consortium (SEARCH), this comprehensive course examines the ecology of the bay and its watershed by emphasizing three interwoven themes: history (both geological and human), water quality and living resources. Learn about the use and impact on the Chesapeake Bay's watershed by Native American and early European settlers; discuss toxicology and environmental chemistry; and study the current living resources in the Chesapeake Bay as well as fisheries and environmental management issues. Daily discussions examine the scientific, archaeological and historical contents of this course as it relates to the Maryland High School Performance Assessment Standards and the High School Core Learning Goals.

School of Public Affairs

The newest professional school at the university offers graduate education to men and women interested in public policy and management, specializing in international security and economic policy; public management; finance and leadership; environmental policy and social policy. Ranked 20th in the 1998 *U.S. News & World Report* evaluation of public affairs graduate programs, the school offers outstanding faculty, multidisciplinary programs and access to the public policy community of Washington, D.C., and Annapolis, Md.

Seeking to improve the capacity of mid-career professionals to serve the public effectively, the school forms partnerships with government agencies through its Office of Executive Programs. OEP provides executive education in housing and community development, environmental policy, management and leadership skills, international finance and health and human services. A similar program, the Maryland Government Executive Institute, sponsored jointly with the Robert H. Smith School of Business, offers two-week intensive training for state executives in public policy and organizational management.

IT CERTIFICATION COURSES ARE NOW ON CAMPUS!

OFFERED BY THE OFFICE OF CONTINUING AND EXTENDED EDUCATION

A+ Computer Technician
A+ students learn computer maintenance, repair and customer service skills necessary to acquire jobs as computer technicians or help desk professionals. The A+ certification program is sponsored by the widely recognized industry group CompTIA.

MCSE (Windows 2000)
MCSE students learn to analyze business requirements for the latest system architecture, deploy, install and configure infrastructure components, and troubleshoot system problems. All courses within this program are taught by certified Microsoft instructors with proven teaching experience.

Web Professional
Web professional students will learn the skills necessary to create, customize and promote dynamic Web sites by using tools and technologies such as HTML, Cascading Style Sheets, JavaScript, Microsoft FrontPage 2000, Macromedia Dreamweaver, Fireworks and Flash. Students will cap off the program by developing their own dynamic live Web site.

University of Maryland College Park Scholars

Undergraduate Studies

Background

The University of Maryland's College Park Scholars (CPS) program is a unique, two-year living learning program for freshmen and sophomores. Once invited to CPS, students choose to be in one of twelve thematically linked CPS programs:

- Advocates for Children
- American Culture
- Arts
- Business, Society and the Economy
- Earth, Life and Time
- Environmental Studies
- International Studies
- Life Sciences
- Media, Self and Society
- Public Leadership
- Science, Discover and Universe
- Science, Technology and Society

Each CPS curriculum consists of seven to ten courses that relate to the CPS theme area. Each curriculum is interdisciplinary, and most of the courses taken for CPS count for either major requirements or university CORE requirements. The fundamental CPS course, taken each semester, is the CPS colloquium. The colloquium is designed to be interactive, engaging students in discussions and debate with prominent experts in various fields. Students also participate in co-curricular activities, such as field trips and community activities, which also enrich the understanding of the CPS theme area. In the second year of the program, students have the opportunity to participate in a variety of experiential learning projects, including internships, service learning activities and research projects.

Students who live on campus live in special residence halls in the University of Maryland's Cambridge Community. These residence halls house the CPS program offices, classrooms, faculty offices and computer labs. CPS also welcomes students who commute to campus to join the program. At the successful completion of the CPS curriculum, students receive a CPS citation on their transcript. Then, in their junior year, College Park Scholars have an opportunity to apply to their departmental or college honors programs.

CPSP 259 College Park Scholars Practicum

(1-3 credits)

Prerequisite: Admission to College Park Scholars. See page 27 for sections being offered in Summer Session I.

GUIDELINES FOR COURSE SELECTION

The session for which a specific course section is scheduled is designated by the first two digits of the section number: 01 for Summer Session I, 02 for Summer Session II, 03 for Summer Session I-A, 04 for Summer Session II-C, 05 for Summer Session I-B, and 06 for Summer Session II-D. Many courses are offered in two or more of the summer sessions. If the course or section meeting dates deviate from the regular summer session dates, the specific starting and ending dates are displayed above the course description. The section number indicates the session to which a nonstandard course or section belongs for registration purposes. Additional information on nonstandard date courses can be found on page 11 of the Registration and Bill Payment section of this guide. In many instances, registration, billing and grading procedures will be different for those courses.

0201(15141): MTuW Th: 4:00pm- 5:40pm (SKN 1112): Motzenbecker, P.

PHIL308M Studies in Contemporary Philosophy: Mind and World; (3 credits) Grade Method: REG: P-F: AUD: Is life after death possible? Do animals feel pain? Could a computer have a mind? What is it like to be a person? Does God have beliefs or emotions? Do humans have free will? Is materialism correct? Can science help us answer the above questions? These are all questions about the human and non-human minds. They are deep, puzzling, both debated questions crucial to the way we understand ourselves, and our place in the universe. The goal of the course will be to provide the basic conceptual tools and core ideas necessary for addressing such questions with clarity and precision.
0101(15151): MTuW Th: 12:30pm- 2:10pm (SKN 1116): Kotsanis, S.

PHIL308P Studies in Contemporary Philosophy: Professional Ethics; (3 credits) Grade Method: REG: P-F: AUD: This course will survey a number of ethical dilemmas encountered by business professionals, medical doctors and researchers, lawyers, journalists, and information technology professionals. For example, is it ever moral to lie to a dying patient about his or her chances of recovery? Do journalists have a moral obligation to respect the privacy of public figures? To meet the health crisis in Africa, should patent protection be removed from AIDS drugs? The intention is for students to acquire and develop the analytical skills necessary to clearly identify ethical issues involved in real life situations, as well as some of the proposed solutions to these dilemmas. Consequently this course will focus on actual case studies and students will be encouraged to participate regularly in class discussion.
0201(15161): MTuW Th: 12:00pm- 1:40pm (SKN 1115): Lefkowitz, D.

PHIL308V Studies in Contemporary Philosophy: Environmental Ethics; (3 credits) Grade Method: REG: P-F: AUD: In this course we will survey and analyze some of the major contemporary ethical theories with regard to nature, with special emphasis on environmental rights, obligations to future generations, and the value of nature.
0301(15181): MTuWThF: 12:30pm- 3:15pm (SKN 1112): Briggs, C.

PHIL407 Gay and Lesbian Philosophy; (3 credits) Grade Method: REG: P-F: AUD: CORE: Diversity: D: Course: This is perhaps the first course at the university where you will view a 1930s musical comedy, pre-AIDS Parisian cross-dressing and critique about lesbian fashion trends, all in the context of philosophical analysis. We'll discuss the meanings and origins of homosexuality, the role of gay and lesbian subculture in questioning the norms of heterosexual society, and current political and ethical debates about sex, gender, and the family. Students of all sexual orientations will learn things they didn't know about history, culture, and philosophy.
0101(15191): TuW Th: 2:30pm- 4:45pm (SKN 1115): Barber, D.

Maryland Summer Sessions and International Applicants

Introduction

It may come as a surprise that a major research university so close to Washington, D.C. is measured in acres—1,580 to be exact—and not by city blocks. The University of Maryland's classic tree-lined campus offers an ideal academic community in which students from more than 120 countries around the globe share classes and exchange viewpoints with Americans drawn together from all 50 states. Maryland's gentle rolling terrain provides a pleasant reminder of the region's agricultural past. Yet, the historical and cultural offerings of our nation's capital are only nine miles away.

Close to the College Park campus are such important national resources as the Library of Congress, the Smithsonian Institutions, the National Institutes of Health, the National Aeronautics and Space Administration (NASA) and the National Science Foundation. On-campus facilities provide everything from specialized student housing to one-of-a-kind research facilities, an 18-hole golf course to a new track complex. A university-run shuttle bus system links them all together with ease.

A global perspective is evident in the University of Maryland's curriculum, research and outreach innovations. Adding to the rich mix of social, intellectual and cultural perspectives are the nearly 2,700 international students among the 32,800-plus undergraduate and graduate students who attend in the regular school year. In fact, 19 percent of College Park's graduate students come from beyond the borders of the United States.

The Office of International Education Services (IES) has a long history of supporting educational exchange. It begins long before you ever arrive on the campus. The following information provides a first step in services IES offers - from handling visa problems to helping international students make American friends—aimed at assuring that your stay at the University of Maryland is truly an enriching experience.

International Applicants

The University of Maryland Summer Sessions welcomes international students currently enrolled in other U.S. colleges and universities, as well as students from abroad. **Students who are studying at another institution in the U.S. on F-1 or J-1 visas and who intend to return to their institutions in the fall do not need an I-20 or IAP-66 issued by the University of Maryland.** The application is the same as that for any other visiting student. (See Forms section, undergraduates, Form A, graduates, Form C.)

We estimate the cost for tuition, living expenses, books and fees for each summer session to be $3,400. International students must register for a full-time (minimum of six credits) program of study per session. Students who apply must be proficient in English. A TOEFL score of 575 is required. International students with questions concerning eligibility to attend the University of Maryland Summer Sessions should contact the Office of International Education Services.

Students are required to submit a complete application by May 11 to allow sufficient time for processing prior to the start of the Summer Sessions.

Students whose reason for coming to the U.S. includes tourism, as well as study and who do not intend to enroll full-time, may use the B-1/B-2 tourist visa.

BIG AS LIFE.

International

There are approximately 20 countries that are part of a visa-waiver program. Citizens of these countries may travel to the United States as tourists without obtaining visa stamps in their passports.

International students are encouraged to take advantage of the many facilities available on campus as well as in Washington, D.C., Baltimore and the surrounding areas.

Study Abroad

Welcome to study abroad! Study abroad increases awareness of other cultures and languages while providing a comparative international perspective. Many students find study abroad essential for their major or career plans. Others view it as part of their liberal arts education. This is to introduce you to the exciting opportunities available through study abroad.

For more detailed information on a specific course or program, please do not hesitate to contact the Study Abroad office:

Office Hours: Monday – Friday,
8:30 a.m. to 4:30 p.m.

The Study Abroad office assists students interested in studying in a foreign country. We offer the following services:

Advising

Our advisors help undergraduate and graduate students select study abroad programs appropriate for their academic needs, personal interests and professional goals. Students who plan to study abroad must meet with one of our advisors, in addition to an advisor from their college or academic department, before they go abroad. Study abroad advisors also determine the transferability of credit for work completed overseas.

Resource Library

We have catalogs of study abroad programs administered by other United States colleges and universities, as well as course catalogs for a limited number of foreign universities. The library also includes information on internships and work abroad, travel and financial aid for study abroad. Students are welcome to use the library during regular office hours.

When to Study Abroad

Students can study abroad for a semester, year, summer or winter term. The summer is a particularly desirable time for many students to study overseas. Seniors should note that the University of Maryland requires students to spend their last 30 credits on campus. However, with the approval of their department and college, seniors can attend UM-sponsored programs on the condition that they return to UM for their final 12 credits.

Where to Study Abroad

The University of Maryland offers programs in a variety of locations. Students are not limited to Maryland-sponsored programs. Students may participate in a large number of programs offered by other accredited United States universities or apply directly to many foreign universities. For additional information, please visit or call the Study Abroad office.

Exciting study abroad programs are being offered this summer. By combining course work with cultural experiences, these courses provide a unique, cross-cultural perspective on a variety of topics and an experiential, hands-on introduction to a new culture. Study abroad enriches any college experience, and it's a great way to spend your summer break—engaged in a one-of-a-kind educational activity.

The University of Maryland offers the following programs for Summer Sessions 2001:

Costa Rica: Sustainable Communities

(June 4 – Aug. 12)

This 10-week course offers students an opportunity to live and work in Monteverde, a rural but rapidly developing region in Costa Rica. Students work on projects concerned with creating sustainable communities that are ecologically and socially just. This multidisciplinary program is designed for various disciplines, including architecture, planning, landscape architecture, resource management, international development and women and development. An intensive studio component is required that allows students to apply what they've learned to a specific project identified by instructors and the Monteverde community.

England: Honors at Kiplin

(June 4 – 25)

Honors students at all Maryland colleges and universities can participate in a survey course focusing on British history, culture and literature. In northern England, students reside in Kiplin Hall, the country estate of the first Lord Baltimore. They participate in seminars and excursions to nearby sites of archaeological and architectural interest. In London, groups visit and study major sites and make day trips to Bath, Oxford and Greenwich. There is ample opportunity to explore London's cultural life, including the many theaters and museums there.

Flanders, Belgium Archaeology and Heritage: A Multicultural European Past

(July 16 – Aug. 3)

This six-credit course surveys the rich and varied archaeological and historic heritage of Flanders and its multicultural European past during the past 2000 years. Flanders' heritage will be examined through archaeology, historical texts, art and architecture, public interpretation and presentation, and tourism.

Beginning with excavations at the premier medieval site at Ename, students will participate in the uncovering of the medieval settlement, churches and monastery and analysis of material culture. The course will also address the historic and ecological context at Ename, its presentation to the public using state-of-the-art virtual reality technologies, and the involvement of the local community in the development of the site. Visits to other contemporary medieval churches and monasteries will illustrate different methods of heritage interpretation to the public. Through presentations of historic battlefields in Europe, with a focus on Flanders Field and Waterloo, students will critique approaches to presenting a disputed past and techniques of exploring multiple perspectives. The third part of this course will deal with heritage and tourism. The historic city of Bruges will serve as the case study for the effects of visitors and tourism on historic buildings, urban development and the local population.

The course is taught by Dr. Ann E. Killebrew, Dirk Callebaut and Neil Silberman (Ename Center for Public

Archaeology and Heritage Presentation and the Institute for the Archaeological Heritage of the Flemish Community) and Prof. Mark Leone and Prof. Paul Shackel (University of Maryland) together with guest lecturers from Belgian academic institutions. It includes excavation, art history and material culture studies, classroom lectures, museum visits and field trips to historic and archaeological sites.

Relevant majors: anthropology, archaeology, European history, art history, museum studies, heritage studies, tourism studies.

Germany: German Language and Culture

(Aug. 5 – 25)

The program provides an opportunity to study German language intensively. Courses are offered at several levels of language instruction based on student ability. In addition to the academic program, a variety of activities and excursions are offered for students to obtain a vivid impression of German history, culture and contemporary issues. Participants live in student residence halls throughout the city of Tübingin.

(ALL LEVELS of German)

Madrid and San Roque, Spain: Spanish Language and Culture

(May 27 – July 10)

Develop Spanish language proficiency and explore the culture and life of present-day Spain. Students actively participate in academic courses and take excursions throughout Madrid, San Roque and the surrounding countryside. Participants live with host families in Madrid and in student residence halls in San Roque. Participation requires intermediate-level Spanish proficiency.

(SPAN 325/326 and choice of SPAN 311/312; SPAN 422; SPAN 408M; or SPAN 399)

South Africa: Contemporary Issues in South African Public Policy, Leadership and Democratization

(May 29 – June 24)

This course offers students a unique opportunity to study leadership and public policy in a newly formed democracy. The focus will be on three phases of study of the South African post-independence period: democratization of South Africa, public policy analysis and the future of South African Leadership. Discussion and field trips supplement course lectures. Students should expect to live with a South African home-stay family.

(BSOS 399)

Taxco, Mexico: Intensive Spanish

(June 17 – Aug. 4)

Students at all levels of Spanish language proficiency can improve their Spanish and explore firsthand the culture of Mexico in the colonial town of Taxco. Visit museums and archaeological sites of significant historical and artistic interest. Hacienda El Chorrillo, a refurbished colonial estate, serves as the academic center with classrooms, library, theater, gardens, pool and café. Classes are taught in Spanish by faculty from the Universidad Autonoma de Mexico for students and teachers of Spanish. Participation requires completion of elementary Spanish. Students will stay in a guesthouse with a family.

(ALL LEVELS of Spanish)

Paris, France: Landscape Architecture

(June 3 – July 14)

Students will study French architecture, urbanism and landscape in Paris and other areas of France. The program will emphasize the analysis and understanding of architecture and urbanism through built works. Students will explore the built environment of Paris and take field trips to surrounding cities and towns. Participants will stay in a student residence in the centrally located and historically significant Marais district. The program is only open to architecture students who have completed ARCH 400/401.

(ARCH 445 and ARCH 428P)

UK: Landscape Architecture

(July 16 – Aug. 10)

Focuses on the study of English architecture, gardens and urban design. This year, a four-week course (two weeks at Kiplin, one week in London and Bath, and one week in-studio at College Park) includes a survey of country estates, parks and gardens in the context of their natural and cultural setting. Tours throughout the English countryside and London give students a first-hand experience of noteworthy historic places.

Admission

Summer Sessions study abroad courses are designed for students who are highly motivated, both academically and personally, and who are seeking to actively engage in the challenge of a new learning experience. Applicants should normally have a 3.0 (B) academic average and the approval of an academic advisor.

Application deadlines for Summer Sessions 2001 programs vary between Feb. 1 and April 1.

Early planning for summer study abroad is strongly encouraged. Please contact the Study Abroad office for more information about the programs that interest you. Space is limited, so apply early.

The Study Abroad office contact information appears on page 2 of this section.

Foreign Language Studies

Global business and growing immigration are making language skills more valuable than ever. Learning a second language has long been a priority in many Asian and European countries, and now Americans are catching up. With courses from beginner to advanced, in languages from Arabic to Urdu, we can help you get started or improve your skills.

The Department of Asian and East European Languages and Cultures is pleased to present its Summer 2001 intensive language programs. This summer take advantage of these special intensive language courses that enable you to acquire a full year of college-level study in the summer sessions. Two languages will be featured: Chinese and Japanese.

You will be able to earn 12 credits during the Summer Sessions and complete two semesters of language study in just 12 weeks. Upon successful completion, these accelerated courses will enable you to fulfill the University of Maryland foreign language requirement.

Intensive Study in Elementary Modern Chinese

An accelerated intensive course of study designed for highly motivated students who wish to complete a one-year language requirement in a summer session. It introduces fundamentals of standard Chinese (Mandarin), including pronunciation, grammar and Chinese characters, emphasizing the four basic language skills: speaking, listening, reading and writing. Requires no previous knowledge of Chinese; not open to students who have learned, from whatever source, enough Chinese to qualify for more advanced courses. Students are required to attend all classes and complete all assignments to maintain the rapid pace of this course. Early enrollment is advised in this popular course. Admission closes as of the second class.

Summer Session I: June 4 – July 13
CHIN 101 Intensive Elementary Chinese
(6 credits)

Introduction to speaking, reading and writing Chinese with emphasis on mastering the essentials of pronunciation, basic characters and structural patterns.

Summer Session II: July 16 – Aug. 24
CHIN 102 Elementary Spoken Chinese
(3 credits)

Continued study of grammatical patterns and vocabulary buildup with particular emphasis on conversation. May be taken in conjunction with CHIN 103. Prerequisite: CHIN 101 or equivalent

CHIN 103 Elementary Written Chinese
(3 credits)

Continued study of grammatical patterns and buildup of vocabulary with particular emphasis on reading and writing. May be taken in conjunction with CHIN 102. Prerequisite: CHIN 101 or equivalent

Intensive Course in Elementary and Intermediate Modern Japanese

An accelerated intensive course of study designed for highly motivated students who wish to complete a one-year language requirement in a single summer. Introduces fundamental language skills in modern Japanese. Emphasizes conversational skills (listening, comprehension and speaking), including grammar and pronunciation. Introduces reading and writing Hiragana, Katakana and Kanji. Requires no previous knowledge of Japanese. Students are required to attend all classes and complete all assignments to maintain the rapid pace of this rigorous course. Early enrollment is advised in this popular, intensive course. Admission closes as of the second class.

Summer Session I: June 4 – July 13
JAPN 101 Elementary Japanese I
(6 credits)

Introduction to the basic spoken patterns of contemporary Japanese and the two phonetic syllabaries (Katakana and Hiragana).

JAPN 201 Intermediate Japanese I
(6 credits)
Contemporary spoken and written Japanese. Prerequisite: Japanese 102 or equivalent

JAPN 301 Advanced Japanese I
(6 credits)
Advanced conversation, oral comprehension and selected readings. Prerequisite: Japanese 202 or equivalent

Summer Session II: July 16 – Aug. 24
JAPN 102 Elementary Japanese II
(6 credits)
Continued introduction to the basic spoken patterns of contemporary Japanese. Reading and writing of about 100 kanji. Prerequisite: Japanese 101 or equivalent

JAPN 202 Intermediate Japanese II
(6 credits)
Contemporary spoken and written Japanese Prerequisite: Japanese 201 or equivalent

JAPN 302 Advanced Japanese II
(6 credits)
Continued readings in varied modern texts and advanced conversation and oral comprehension. Prerequisite: Japanese 301 or equivalent

Summer 2001 Intensive English Programs

Maryland English Institute

June 20 – Aug. 1

The Maryland English Institute (MEI) provides both full-time and short-term programs in English for non-native speakers of English. MEI is dedicated to providing high-quality instruction, meeting the needs of non-native speakers of English and their sponsors and strengthening the ability of non-native speakers of English to participate in rigorous professional and academic environments.

MEI courses and programs are delivered by a professionally trained faculty. Instructors hold at least a master's degree in teaching English as a second language, applied linguistics or a related field. Most have taught abroad or mastered a foreign language. Faculty members deploy a wide range of teaching styles and methodologies.

Class size may vary, depending upon the specific content or skills covered. The average student-teacher ratio is 16:1. Students are evaluated daily by their instructors through homework assignments and in-class participation. Instructors also administer quizzes and tests periodically throughout the term. A standardized English language examination (the Maryland English Institute Proficiency Examination) and a writing test are given at the beginning and at the end of the term to measure students' overall proficiency.

Since language learning is a cumulative process that takes time and dedication, MEI requires regular attendance at all classes. At the end of their language program, students who have attended classes regularly and completed the required work are awarded a Certificate of Attendance. Students who miss 10 percent or more of class time are usually placed on probation and may not be permitted to re-enroll at the MEI.

The Intensive English Program

The Intensive English program, a full-time, six-week program June 20–Aug.1, is designed for individuals who wish to improve their English for academic, professional or general purposes. The program offers multiple levels of language instruction, from beginning to advanced levels. At all levels, students have opportunities to develop their abilities to speak, listen, read and write in English, as well as to expand their knowledge of English grammar and to increase their vocabulary. Many classes are Web-enhanced and teachers encourage computer-assisted learning at all levels. Students participate in a welcome reception, an orientation to the University of Maryland campus, and in activities such as an ice cream social and informal gatherings at the university recreation center pool.

BIG AS LIFE.

Pre-MBA Program

The MEI Pre-MBA program is designed primarily for individuals preparing to enter an MBA program at a U.S. university. The program is also appropriate for those interested in improving their command of English for business purposes. The goals of the program are to provide participants opportunities to 1.) strengthen their ability to communicate effectively in spoken English in environments that emphasize teamwork, leadership, negotiation, platform presentation, business plan presentation and impromptu speaking and 2.) advance their ability to write in English for academic and business purposes. The program is highly interactive with an emphasis on case studies as the basis of practice in oral and written communication. Several activities supplement the instructional component of the program, including excursions and meetings with guest speakers. (The program does not bear academic credit.)

The program meets five hours daily for six weeks June 20–Aug. 1, and includes

- two hours of instruction daily devoted to oral communication topics such as obtaining, maintaining and yielding the floor during group discussion, asking for and providing clarification of business terms and presenting business ideas clearly
- two hours daily focused on writing topics such as conventions of formatting, writing styles, selecting appropriate words and phrases and paragraph development
- one hour daily devoted to an intense, rigorous review of advanced grammar structures

To participate in this program, the applicant must have a TOEFL score of 550 or higher, be a graduate of a university and submit a special application form. Early registration is strongly recommended (no later than May 1, if applying from overseas).

TUITION AND ESTIMATED EXPENSES

Information on tuition and estimated expenses can be found at www.inform.umd.edu/MEI.

APPLICATION INFORMATION

Health Insurance

All students are required to carry health insurance. The cost of insurance is not covered in tuition. Students must make their own arrangements for insurance coverage. Students on F and J visas may be required to show proof of coverage to the director of MEI at the time of enrollment.

Financial Aid

Scholarships, grants and other financial aid are not available to foreign nationals enrolling in the full-time intensive program. University of Maryland tuition remission cannot be applied toward MEI tuition.

Visas

MEI welcomes international students currently enrolled in other colleges and universities, as well as students from abroad. Students who will be studying or who are already studying at another college or university in the U.S. on F-1 or J-1 visas and who intend to study at their institution in the fall session do not need an I-20 or IAP-66 issued by the University of Maryland. Students whose reason for coming to the U.S. includes attending the pre-MBA program and tourism, as well, may use a B-1/B-2 Tourist Visa. There are approximately 20 countries that are part of a visa-waiver program. Citizens of these countries may travel to the U.S. as tourists without obtaining visa stamps in their passports.

Application Forms

Admission to either program does not ensure admission to the University of Maryland or any other educational institution. Applicants must be at least 18 years old. To request application materials, contact MEI by e-mail. (See address below.)

Artists in Residence

Extraordinary sounds of classical music will soon fill the halls of the Clarice Smith Performing Arts Center as acclaimed concert pianist André Watts and world-class violinist William Preucil join the University of Maryland School of Music faculty.

Starting with a concert by Watts in March, the three-year artists-in-residence program through the School of Music will feature Watts'and Preucil's combined professional experiences. Students will benefit tremendously from exposure to two of the most formidable technicians and superb interpreters of classical music. Both have the charisma to captivate and thrill audiences, yet they venture beyond their craft to inspire young musicians.

Besides a full agenda of teaching, Watts will perform one concert each year either as a recitalist, in concert with faculty or in collaboration with the university's symphony orchestra. At only 16, Watts was chosen by the late Leonard Bernstein to make his debut with the New York Philharmonic in its Young People's Concerts, broadcast nationally on CBS-TV. Two weeks later, Bernstein asked Watts to substitute at the last minute for an ailing Philharmonic musician, which launched his career in storybook fashion. Thirty years later, he remains one of the world's most beloved pianists.

Preucil, a distinguished professor of violin at the Cleveland Institute of Music and concertmaster of the Cleveland Orchestra, performed as first violinist for six years with the Cleveland Quartet. During this same period he accepted the concertmaster position with the Cleveland Orchestra.

Christopher Kendall, director of the University of Maryland School of Music says, "The appointments of André Watts and William Preucil represent a wonderful additional opportunity for our students. As we move to our extraordinary new home at the Clarice Smith Performing Arts Center, we especially look forward to welcoming these two great artists."

Arts to Make the Spirit Soar

The arts have always been a significant part of the academic fabric at the University of Maryland. But this year the arts will take on an entirely new dimension with the opening of the Clarice Smith Performing Arts Center.

A vibrant center of the performing arts for regional audiences and national and international professionals, the center is a state-of-the-art "village" comprised of ten interconnected structures. It's one of a kind and the largest performing arts center on any college campus in the country.

With more than 318,000 square feet of space, the center will be a constant bustle of students and professional artists studying, collaborating, rehearsing and teaching. On any given evening, the center will be alive with concerts, plays and dance recitals, representing the great artistic traditions and contemporary creativity.

June

National Orchestral Institute

Three weekend public concerts are performed by the National Orchestral Institute (NOI) Philharmonic, under the direction of internationally acclaimed conductors-in-residence during the summer 2001 NOI program. The National Orchestral Institute brings together 90 premier young musicians, each on full scholarship, for an intensive training experience in orchestra music. These talented young musicians are selected from hundreds of individual auditions heard in 16 cities across the United States. Concertmasters and principal musicians from major American orchestras lead sectional rehearsals and present master classes on repertoire required for professional auditions. Chamber music coaching and other professional development seminars also are presented. Previous NOI participants have won positions with prestigious symphony orchestras around the world, in addition to pursuing careers as teachers and musicians in chamber music ensembles and military bands and orchestras.

Three weekends June 9, 17 and 23

Special Events

Annual Fourth of July Celebration

Come join in the fun, with fireworks, music and food at the Annual Fourth of July Celebration, co-sponsored by the University of Maryland and the city of College Park. Food and music start at 7 p.m., with fireworks around 9:15 p.m. Festivities are free and open to the public, on Parking Lot 1, off Campus Drive near the University Boulevard/Adelphi Road entrance. Come early to beat the crowd!

Maryland Day 2001

The University of Maryland is once again opening its doors to the community for the annual Maryland Day celebration, 10 a.m.-4 p.m., Sat., April 28. Last year the event drew more than 35,000 people to campus for a free, fun-filled day of hands-on workshops, sports clinics, live performances, food, demonstrations and more. There's something for everyone, so bring the family and stay awhile to enjoy a day of learning, exploration and fun.

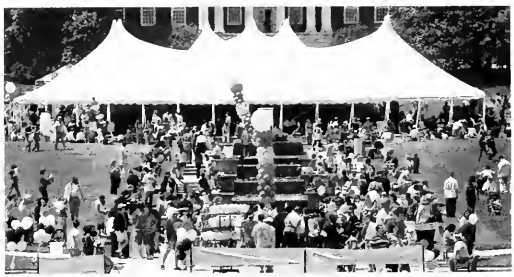
For more information and a schedule of events, log on to www.marylandday.umd.edu

Maryland Special Olympics

The state's largest multi–sport event returns to the University of Maryland, June 8–10, to celebrate the 31st anniversary of its first-ever competition. Maryland's premier athletic facilities will play host to 1,200 athletes with developmental disabilities who will compete in aquatics, track and field, bowling, equestrian, golf and softball events. An expected 1,000 volunteers, 2,000 family members and 400 coaches converge on the campus as well. All events are free and open to the public. Special Olympics of Maryland provides year-round sports training and athletic competition in a variety of Olympic-type sports for persons with mental retardation.

To volunteer or learn more about the Special Olympics of Maryland Summer Games, call 410-290-7611 or visit the Web site at www.somd.org.

Help us build heroes!



National History Day

This summer, June 10–14, more than 2,000 young scholars from across the nation will gather at the University of Maryland for the 26th National History Day, a five-day annual event engaging students, teachers and families in historical inquiry and creative presentation. A half-million 6th through 12th grade students participate in local district and state competition to win the honor of representing their school. This year's theme, "Frontiers in History: People, Places, Ideas," led many students to exciting discoveries. Students choose their own study topic and will present their findings in museum-type exhibits, multimedia documentaries, original performances or traditional research papers. The competition is open to the public and one outstanding young scholar will receive a scholarship to attend the University of Maryland.

For more information, call 301-314-9739 or visit www.NationalHistoryDay.org

NCAA Men's National Lacrosse Tournament

The University of Maryland Terrapins will once again play host to the NCAA Division I Men's Lacrosse tournament. This year the campus will host the quarterfinals, two matches one at noon and the other at 3 p m., Sun., May 20 at Byrd Stadium.

Design Career Discovery Workshop in Architecture

For high school students, college students and persons considering career choices or changes

June 24-July 13, 9:30 a.m.-4:30 p.m.

Organized to help participants make an intelligent choice about a career in the design professions through an intensive exposure to the characteristics, opportunities, values and rewards offered in the fields of architecture, landscape architecture and urban planning. Activities include field trips to design offices and building projects, lectures and a hands-on design project. Participants will also get a personal feeling for the ambience of design school, and learn about design-education programs locally and across the nation. Participants can expect to finish the program knowing much more about the design professions and about their own interests and aptitudes than when they entered. No prior experience is required, only a strong interest and a motivation to learn.

ESTEEM Research Mentoring Program

For 11th grade students in under-represented ethnic groups who are considering a career in engineering

Program offers opportunities in engineering research to high school students who are considering a career in this field. The program has both a summer and an academic year component. Academic year students must participate in the summer and vice-versa. Students learn about research in engineering disciplines and conduct an academic yearlong independent research project under the direction of an engineering faculty member. Students are required to come to campus a minimum of five hours per week during the academic year. Students who are selected for the program must demonstrate a strong interest in and aptitude for a career in engineering. Submission of an official high school transcript and SAT scores are also required. Students with a senior-year research project or science fair project are encouraged to apply.

Hours of Operation

Seven days a week: 7:30 a.m. - 10:45 p.m.

HOW TO USE MARS

1. Select courses from this guide. Note section number and INDEX NUMBER. The section number indicates during which summer session the course meets. Sections beginning with 01 meet during Summer Session I; those beginning with 02 during Summer Session II; those beginning with 03 during Summer Session I-A, those beginning with 04 during Summer Session II-C, those beginning with 05 during Summer Session I-B, and those beginning with 06 during Summer Session II-D. The five-digit INDEX NUMBER is located to the right of the section number in parentheses. The INDEX NUMBER is used to identify your course selection to MARS. Read course listings carefully. Some courses are "BY PERMISSION ONLY." These courses require departmental approval. Contact the department offering the course prior to registration.
2. Fill out the MARS Course Worksheet below with ACTION CODE and INDEX NUMBER information. ACTION CODES tell the computer what you want to do—for example, add, drop or list courses. ACTION CODES are listed under the course worksheet form.
3. Pay tuition and fees. Registration is not final until tuition and fees have been paid. See important payment information on pages 15 and 16 of the "Registration and Bill Payment" section of this guide. Failure to pay by the date specified on your bill may jeopardize your continued enrollment.

WORDS FROM MARS

There may be periods of silence during your call to MARS. This is normal and occurs when information is being verified or processed. DO NOT HANG UP. Wait for the next set of instructions.

Accidental termination of call. If you are accidentally cut off from MARS before you complete your request, recall the system. You will be registered for transactions processed prior to termination.

Cancellation of Registration. See page 13 of the "Registration and Bill Payment" section of this guide for cancellation deadlines and information.

PIN – Personal Identification Number. PINs have been assigned to all eligible students. If you misplace, forget or feel the confidentiality of your PIN has been jeopardized, you can request a new number at the Registration Information Counter, first floor, Mitchell Building. You will need to provide photo identification.

TERMS AND CONDITIONS OF ON-CAMPUS SUMMER HOUSING

When the *Agreement* is signed by the student and confirmed by the University, this *Agreement* provides the student with the opportunity to live in a University summer residence hall, subject to all terms stated below. The student is also subject to responsibilities and processes set forth in the Code of Student Conduct, Undergraduate and/or Graduate Catalog, Summer Sessions Catalogue, and other relevant University documents.

I. PARAMETERS OF THE AGREEMENT

ELIGIBILITY. Individuals must be single students without dependents at the College Park Campus. No provisions are made for spouses or family members.

OCCUPANCY PERIODS. Housing may be requested for Session I only, Session II only, both Sessions I and II, and 8-week and MEI classes. Summer occupancy is available from June 3, 2001 to 7pm August 24, 2001 for Session I and II registrants; from June 3, 2001 to 7pm July 13, 2001 for Session I only registrants; from June 3, 2001 to 7pm July 27, 2001 for 8-week registrants; from June 17, 2001 to 7pm August 3, 2001 for MEI registrants; from July 15, 2001 to August 24, 2001 for Session II registrants.

Housing priority will be given in the following order: (1) Session I and II registrants, (2) 8 week registrants, (3) Session I only registrants or Session II only registrants, (4) MEI registrants and (5) all other registrants. (Please Note: Students registered for Session I-A and/or I-B must sign up for six-week Session I housing in order to receive priority for Summer 2001 housing. Students registered for Session II-C and/or II-D must sign up for six-week Session II housing in order to receive priority for Summer 2001 housing).

LIABILITY. The University cannot and does not assume responsibility for personal accident, injury, or illness sustained by residents, guests or visitors, nor for the damage, theft, or loss of personal property. The student releases the University, its officers, agents and employees from any liability on account of any accident, injury, illness, property damage, theft, or loss. The University recommends that students obtain private insurance against such harm or loss.

II. UNIVERSITY SERVICES.

The University will provide the following services on a continual basis, although interruptions may be necessitated by an act of God, an order of a University/civil authority, limited or restricted control or availability of resources as determined by the University, maintenance activities, or other condition that is reasonably beyond administrative control. Services are provided in accordance with standards and levels of service determined by the University. It is the expectation of the University that services will be available and uninterrupted and that any disruption of services vital to the health and safety of residents will be restored within a reasonable amount of time.

The residential and telecommunication facilities are provided as services to students and are unique to the University environment. Therefore, the relationship between the student and the University is not a landlord/tenant relationship; rather this *Agreement* is a license to use certain facilities for a particular period of time.

ASSIGNMENT OF BUILDING AND ROOM. Resident Life does not discriminate in room or hall assignments on the basis of race, color, religion, or national origin. Except for cases that involve disciplinary action, summer housing does not affect an individual's request for housing in any subsequent academic term.

Available accommodations normally are in apartments (include kitchen and dining area) and, if necessary, suites (no kitchens, no cooking permitted). Individuals assigned to suites must maintain an approved meal program, as determined by the Department of Dining Services, for the full period of assignment to a suite.

Available spaces, especially singles, in each building type are limited. To assure that these spaces are assigned as equitably as possible, all completed *Agreements* received with payment in full to the Office of the Bursar by the published priority deadline will be submitted in a lottery drawing for building and room types. *Agreements* received after the priority deadline will be considered on a first-come, first-served basis for existing vacancies.

AIR CONDITIONING. The University will provide air-conditioning to our Summer School residents, but please be aware that there may be unexpected and intermittent outages throughout the summer. These outages are beyond our control and while every effort will be made to correct any problems quickly and effectively, we will not provide refunds or compensation for residents affected by these outages.

UTILITIES AND HOUSEKEEPING. The University will provide heat, water, electricity, and waste disposal services. The University will remove trash from designated areas and will clean common hallways and public areas on a scheduled basis.

FURNISHINGS. The University will provide each resident: bed, mattress, dresser, desk and chair set, telephone line and data line. The University will provide each student room with window blinds, closet(s), window screen, and smoke detector.

REPAIRS. The University will make all repairs and perform maintenance in the residence hall and the resident's room with authorized personnel. Repairs to the room or University furnishings will occur upon request or in accordance with routine schedules. Repairs and maintenance activities shall be conducted under a system of priority scheduling.

TELECOMMUNICATIONS. The University provides (at a standard, 6-week charge) telephone service for each resident. On-campus phone calls may be made by residents with no additional charge. Local and long distance service may be arranged by the student on a private basis, and additional charges for these services shall be paid for by the resident.

III. RESPONSIBILITIES OF RESIDENTS

CARE OF FACILITIES. (1) The resident accepts responsibility and agrees to be held accountable for his/her actions, for the actions of his/her guest(s), and the proper use and care of the residential facilities, assigned space, common areas, and University property. The resident also agrees to report promptly any interruptions of service or needed repairs. (2) The resident agrees to take reasonable action to protect residential facilities and property from wanton, reckless or negligent damage; refrain from encouraging or participating in activities which cause damage; report damages; and assist the University in identifying individuals responsible for damage, theft or loss. (3) The resident, at the time of check-out from the residence hall, will return the assigned space and its University furnishings in the same condition as they were received, with the exception of reasonable wear and tear. (4) The resident assumes responsibility for the appropriate use of safety and security hardware (e.g., locks, smoke detector) within his/her assigned residence hall space and building, and will immediately report loss of assigned key(s) or malfunctioning hardware.

CONDUCT. (1) The resident shall conduct himself/herself in a manner which promotes a courteous, safe, and secure residence hall and dining environment. The resident understands that his/her behavior should be conducive to the pursuit of academic goals, as well as individual and community development and welfare. (2) The resident shall ensure that his/her roommate(s) will have access to and equitable use of the assigned space. (3) Rules and regulations are intended to promote the safety and well-being of residents. They include but are not limited to prohibitions against: cooking elements; flammable materials; weapons and fire-crackers; unauthorized modifications of assigned space; pets; duplication and transfer of University keys; disruptive/destructive behavior; behavior such as intimidation or harassment which threatens the property, safety, security, health, or well-being of others; improper use of fire/safety or building security equipment; and threats to or interference with University staff in the performance of their duties. Violation of rules and regulations can constitute grounds for termination of this *Agreement*.

HOW TO RESERVE RESIDENT LIFE ON-CAMPUS SUMMER HOUSING

CAREFULLY REVIEW the terms and conditions under which housing is offered. These are in the *Summer 2001 Residence Halls/Agreement* below and on the reverse.

COMPLETE the *Agreement* on the reverse and sign your name, print your age and the current date where requested. Do not complete the *Agreement* if you will be working this summer for the University's Resident Life or Residential Facilities departments; separate procedures apply for these employees.

DETACH the *Agreement* at the dashed line.

INTERIM HOUSING is available to current on-campus residents who would like to remain on-campus from the end of finals in May to the start of Summer Session I. There will be an additional charge or $120.63 for Interim housing and space is limited. Residents must sign up no later than May 11, 2001 for best consideration.

KEEP the text below for your records and information.

NOTICE of your assignment will be mailed 7 to 10 days before the start of your Summer Session classes.

PLEASE NOTE: Students registered for Session I-A and/or I-B must sign up for six-week Session I housing in order to receive priority for Summer 2001 housing. Students registered for Session II-C and/or II-D must sign up for six-week Session II housing in order to receive priority for Summer 2001 housing.

SUBMIT the *Agreement*, with payment in full, to the Office of the Bursar. *Agreements* received by April 13 will receive priority consideration for single rooms, roommate preferences, other assignment preferences and "interim occupancy." *Agreements* received after April 13 will be assigned in their date-received order.

---

(4) When it is determined by Resident Life that a student has violated State or Federal laws and/or University rules and regulations, and when such conduct indicates that the student constitutes a threat to the safety, health, or well-being of community members or of himself/herself, disciplinary and/or administrative action, including termination of this *Agreement*, may be taken.

USE OF/CHANGE OF ASSIGNED SPACE. (1) The resident agrees that a change of assignment may be made only with the written approval of Resident Life in accordance with established room change procedures. Requests which are based upon consideration of race, color, religion, or national origin cannot be honored. (2) The resident agrees: (a) to live only in the space to which he/she has been officially assigned; (b) not to sublet or otherwise use or grant use of the assigned space, residence hall common areas, or grounds for any unauthorized purpose; and (c) not to sell, solicit, or conduct a business enterprise therein without the written permission of Resident Life's Assignment Office. (3) If a vacancy occurs in the assigned room, the remaining resident(s) agrees to follow established procedures for the reassignment of another student to that space. (4) When vacating an assigned space, the resident must complete established check-out procedures. (5) Resident Life reserves the right to move a resident from one space to another in order to: (a) meet its responsibilities to student health, safety, and well-being; (b) maintain, operate, or renovate facilities; (c) reassign rooms to students of the opposite sex, or (d) consolidate groups of residents for reasons of security or closing a portion of a residence hall.

GUESTS. A guest may stay in the assigned space only with the concurrence of the roommate(s) and for no more than three consecutive nights. Resident Life may invoke limitations of the guest privileges. Guest(s) must abide by established University/Resident Life regulations.

SAFETY AND SECURITY. The resident agrees to take primary responsibility for his/her own safety and security and for the safety and security of his/her residence hall community. The University and Resident Life will work cooperatively with residents to promote a safe and secure environment. The resident agrees to read and abide by security policies and precautions stated in University publications.

IV. ADMINISTRATIVE PROCEDURES

ROOM ENTRY, INSPECTION, AND PROPERTY REMOVAL. (1) The University reserves the right to enter rooms for purposes of (a) improvements; (b) inspection and maintenance; (c) recovery of University/State-owned property which is not authorized for use in the assigned space; (d) fire and safety inspection; and (e) actions necessary to insure the safety, health and general welfare of the resident or others and/or the protection of University or student property. (2) A resident's request for maintenance and repair constitutes his/her consent for room entry. While entry without notice may be necessary, attempts will be made to provide prior notification whenever feasible. (3) The University respects the resident's right to privacy within his/her room. When entry or inspection is required, reasonable consideration will be given. (4) The University reserves the right to remove and dispose of any personal property remaining in a room following (a) termination or expiration of this *Agreement*; (b) the resident's separation by/from the University, and/or (c) the date the resident officially checks out of the room. A charge for costs incurred by such removal may be assessed to the resident.

LIABILITY FOR DAMAGES. (1) The student will be assessed charges for damage, loss or special service (e.g., cleaning) due to misuse or abuse of his/her assigned space and the State property contained therein. When the assigned residence hall space is shared, and where the responsible student(s) fails to assume responsibility, an equal portion of the charges will be assessed to each occupant. (2) Individual(s) identified as being responsible for damage, theft, loss, or special service (whether intentional or negligent) in common areas of the residential facilities will be assessed the cost of repair, replacement or restoration. (3) When individual responsibility cannot be determined, and where deemed necessary by Resident Life, residents may be held collectively responsible for damage, theft, loss, or special service to the common areas or to University property within the residential facility.

RELEASE FROM AGREEMENT PRIOR TO CLAIMING SERVICES. The University will release an individual from this *Agreement* prior to the date services may be claimed, without the individual incurring any financial obligation, when written notice signed by the individual is received by Resident Life Assignments Office on or before May 7, 2001 for Session I or June 18, 2001 for Session II. If notice is received after these dates and before services are claimed at check-in (i.e., keys issued), the individual, regardless of his/her University status at the date of release from this *Agreement*, will be charged as follows:

Requests for release from this *Agreement* must be made in writing and directed specifically to Resident Life Assignments Office, Annapolis Hall. NOTICE TO ANY OTHER UNIVERSITY OFFICE WILL NOT ENSURE RELEASE.

RELEASE FEES

NOTICE FOR SESSION I*		NOTICE FOR SESSION II	
BY	AMOUNT	BY	AMOUNT
May 7	$0.00	June 18	$0.00
May 8-14	$60.32	June 19-25	$60.32
May 15-21	$120.63	June 26-July 2	$120.63
May 22-28	$180.95	July 3-9	$180.95
No-show/No notice to Resident Life	$241.27	No-show/No notice to Resident Life	$241.27

*8 Week classes that begin on ***June 4*** are subject to the same cancellation dates and fees as Session I. Cancellations from MEI registrants must be received by May 23 to avoid the charge structure shown above.

FAILURE TO CLAIM SERVICES. When an individual (1) fails to properly claim the assigned space and has not secured release from this *Agreement* prior to the deadline for claiming services, or (2) fails to notify the Resident Life Assignments Office of delayed arrival by 12 noon on the first University-scheduled class day of the summer session (or within 72 hours of the receipt of assignment if assignment is made after the first class day), Resident Life will terminate this *Agreement*, and the individual, regardless of his/her University status, will be charged an amount equal to two weeks' housing fee.

RELEASE AFTER CLAIMING SERVICES. Resident Life will release an individual from this *Agreement* after services are claimed without the individual incurring any financial obligation beyond charges associated with occupancy when Resident Life has received proof from the student of withdrawal from all summer sessions course work.

TERMINATION OF AGREEMENT. Resident Life may terminate this *Agreement* at any time and require the individual to forfeit the assigned space when (1) it is determined that information furnished by the individual or parent/guardian for the purpose of obtaining residence hall services is substantially incomplete, misleading, or false in whole or in part; (2) it is determined that an individual, for whatever reason, is not eligible to reside in the building; (3) it is determined that the student has violated housing rules, and may also be denied continued access to any University residential facility; or (4) University facilities are found to be inadequate in number or physical condition.

CREDITS AND REFUNDS. Release from this *Agreement* must be secured by Resident Life Assignments office before any approved credit of housing or telecommunication fees may be initiated. Appropriate housing and telecommunication charges are assessed for services from the week during which services must be claimed through the week during which check-out is completed. Failure to check out by the approved date will decrease the amount of credit. No credit is approved if check-out occurs during the last three weeks of each session or if the occupancy period is three weeks or less. Refund, if due, must be requested in writing from the Office of the Bursar.

STUDENT PARKING REGISTRATION APPLICATION INFORMATION
SUMMER SESSION ONLY

Prior to purchasing a summer sessions parking permit, returning students who already have purchased a permit during the 2000-2001 academic year should first check the expiration date of their permit. Annual permits purchased during the fall semester 2000 and permits purchased in the spring semester 2001 have an expiration date of **August 28, 2001.**

Note — all student parking permits, regardless of the lot designation shown on the front of the permit, are valid in parking area(s) 1, 2, 3, 4, 5, 9, 11, 16 and Stadium Drive Garage (SDG) from **June 4, 2001** through **August 28, 2001**.

Students who do not have a permit should read the following instructions before completing the application form.

1. Please use pen/ink only.
2. Parking registration fees are not refundable.
3. You may not register for a parking permit in your name for another person.
4. You will be issued one permit which may be transferred to other vehicles. Applicants who have a vehicle with a canvas top or who have a motorcycle may choose to register one of these vehicles by indicating this on the application. You will receive a decal for this vehicle. If you need to register a third vehicle you will have to pay the full summer sessions parking registration fee.
5. You must select to have either your permit mailed to your home address or pick up your permit at the Department of Campus Parking (DCP) Office. Regardless of your selection, permits will not be mailed or made available for pickup until May 16, 2001. If you do not make a selection, the permit will be mailed to you. You must allow three working days to process your application. The last day the DCP can mail your permit is May 21, 2001 for Summer Session I, I-A and I-B and July 2, 2001 for Summer Session II, II-C and II-D.
6. All persons associated with the university including those displaying a state disabled permit or tag must still purchase and display a DCP hanging permit for the current year.
7. The parking fee is $21 for commuter students and $42 for resident students. Note your request on the **Estimated Billing Form.**
8. Please complete all sections of the application. Sign, date, cut out and submit the application with your other forms to SPOC, Mitchell Building, First Floor, College Park, MD 20742

The DCP office is located on the lower level of Regents Drive Garage. From Route 1, enter the campus via the main gate on Campus Drive. Follow to the traffic circle, where the "M" is located, and turn right onto Regents Drive. The garage is one block down on the left side and there are free 15-minute meters in front of the office. If the meters are unavailable, you must park at and pay a meter in the Regents Drive Garage.

If you have any parking-related questions, please contact DCP at 301-314-7275. Please check the OUCH AHH Web site at www.umd.edu/ouch for up-to-date information regarding disruptions to traffic patterns, access to parking lots and pedestrian access due to major construction projects.

How Big Is Summer?

SUMMER GUIDE USER SURVEY

THANK YOU!

Win a FREE summer course!

Constance Hannigan, a senior at the University of Maryland, was last year's big winner! So, go ahead and take a chance at winning a free summer course by completing the survey!

Your completed questionnaire will be entered into a drawing for a FREE summer 2001 course of your choice worth up to $1,000 or more. The drawing will take place May 1.

Submit your completed questionnaire now!

We want the Summer Guide to be helpful, easy-to-use and enjoyable, and we need your input to tell us how we're doing. Please take a few minutes to complete this questionnaire so we can continue to improve the guide. Drop your completed questionnaire in the mail — no postage necessary.

CONTEST RULES:

One contest winner, to be selected from all completed questionnaires, may select one undergraduate course, graduate course or special program offered in summer 2001. Only tuition will be paid, excluding all other charges. If the winner selects a credit course, he/she must satisfy all individual requirements for course enrollment, and be academically eligible to enroll in the course.

University of Maryland employees are not eligible. The winner must be at least 16 years old. One entry per person. No cash will be paid in lieu of tuition.

BIG AS LIFE.

Just tear out and drop in the mail!
